

Announcement

**British Association for
Behavioural Psychotherapy –
10th Annual Conference**

*University of Sussex
8–10 July 1982*

This 3-day conference marking the 10th year of the association will provide the opportunity for a review of developments, critical evaluation and future directions, in a variety of areas of the application of behavioural psychotherapy.

Symposia sessions will provisionally include:

- * A review of behavioural psychotherapy
- * Behavioural approaches for the mentally handicapped
- * Behavioural medicine
- * Behaviour therapy with children and adolescents
- * Marital/sexual problems
- * Behavioural assessment and analysis
- * Addictive behaviour
- * Training of behaviour therapists
- * Behaviour therapy and the elderly
- * Rehabilitation of the long-stay patient
- * Behavioural approaches and neurosis.

Please note the date in your diary and support.
