doi: 10.1017/S0025315415001575, Published by Cambridge University Press, first published online 21 October 2015

Where it is read in the published text (p. 8, Table 4, last row)

‘Eastern Arabian Sea      218.98   227.76   9.87   10.89   65.1–67   3–13   This study’

it should instead read:

Eastern Arabian Sea      217.0   226.5   9.66   10.74   65.1–67   3–13   This study

The authors regret this error.
