### **The Cádiz Experiment in Central America, 1808-1826**

**Mario Rodríguez**

Central Americans helped to forge a program of Spanish liberalism at Cádiz from 1810 to 1814. Put to a test the program worked well despite physical distances, a depressed economy, and exaggerated regionalism. By joining Mexico, Central Americans hoped for financial support and the continuation of the liberal experiment. With the fall of the Mexican empire, they began their own republican existence, but irresponsible federalism and economic weakness led to civil war in 1826. This study underscores the importance of Spanish liberalism and constitutional monarchy in the ideology of Independence and the establishment of the Central American Republic.

Politics in a Patrimonial Society

Revised and Updated Edition

RIORDAN ROETT

A distinguished scholar of Latin American affairs explores the dynamics of the Brazilian political system, and appraises the performance of the military regime since 1964. Following a concise historical and geographical overview, Dr. Roett analyzes Brazil's "patrimonial" authoritarian state, characterized by elite rule, limited political participation, and a low level of national integration. The author discusses political parties, the state bureaucracy, and the policy-making roles of the military and other key elites. He finds that while the military regime has initiated basic institutional changes and fostered industrial growth, it has continued to restrict political participation and failed to modify income disparity, regional imbalance, and the lack of socioeconomic mobility for Brazil's poor.

### **MEXICAN DEMOCRACY**

A Critical View

Revised and Updated Edition

KENNETH F. JOHNSON

An illuminating critique of the Mexican political system. Tracing the evolution of Mexico's long-ruling party, the author shows how the PRI (Institutional Revolutionary Party) became the dominant force in a "one-party democracy." Dr. Johnson's scrutiny of Mexican political life reveals that mass alienation and strains of protest underlie an outwardly stable system. Analyzing the industrial and agricultural policies of recent Mexican governments, and employing the analyses of contemporary Mexican politicians, writers, workers, and peasants, the author finds Mexico's political system to be fundamentally paternalistic. Concluding chapters discuss relations with the United States, and Mexico's political future.

**THE COMPLETE CARIBBEANA 1900-1975:  
A BIBLIOGRAPHIC GUIDE TO  
THE SCHOLARLY LITERATURE**

By Lambros Comitas  
Professor of Anthropology and Education  
Teacher's College, Columbia University

**The Complete Caribbeana** is a four-volume bibliography containing citations of over 17,000 books, monographs, journal articles, conference proceedings, masters' and doctoral theses, reports, and pamphlets, published in the twentieth century. The geographical areas covered include Surinam, French Guiana, Guyana, Belize, Bermuda, The Bahamas and the islands of the Antillean archipelago, with the exception of Haiti and the Spanish-speaking territories.

The organization of the bibliography is topical; titles appear in more than one subject category when appropriate. In addition to complete bibliographic information, each entry contains a geographic designation and a code indicating the library in which the cited material can be found. Citations of material in foreign languages include an English translation of the title. Two indices are provided—an author index and a geographical index. This bibliography supersedes Professor Comitas' one volume **Caribbeana 1900-1965: A Topical Bibliography**.

## **CASTELLO BRANCO: The Making of a Brazilian President**

*By* JOHN W. F. DULLES.

*Foreword by* ROBERTO DE OLIVEIRA CAMPOS

This biography of Humberto de Alencar Castello Branco up to his inauguration as president of Brazil in 1964 examines his influence on the army; his participation in World War II and the overthrow of Goulart in 1964; and the development of his political thought, particularly his dedication to "legalism" in government. Sources include personal papers heretofore unavailable and interviews with Castello Branco's family and contemporaries. 486 pp. Illus. Maps. Index. \$17.50

## **THE BANDIT KING: Lampião of Brazil**

*By* BILLY JAYNES CHANDLER

The first reliable account of the famed desperado Lampião, who confronted armies, cowed politicians, and dominated the Brazilian northeast in the 1920's and 1930's. Using contemporary news accounts, archival materials, and extensive interviews, the author examines both the brigand and the society that produced him, one where frontier conditions reminiscent of the American West persisted far into the twentieth century. ca. 320 pp. Illus. Map. Index. \$15.00

## **THE ROOTS OF *LO MEXICANO*: Self and Society in Mexican Thought, 1900-1934**

*By* HENRY C. SCHMIDT

Samuel Ramos' *Profile of Man and Culture in Mexico* (1934) launched the modern search for Mexican identity, but the concept of *lo mexicano* (the Mexican ethos and its study) emerged soon after the 1910 Revolution. Schmidt traces the origins and development of *lo mexicano* in the works of Ramos' intellectual antecedents, particularly Sierra, Caso, Vasconcelos, Reyes, and Cosío Villegas. 256 pp. Index. \$11.50

# Political Brokers in Chile

LOCAL GOVERNMENT IN A CENTRALIZED POLITY

**Arturo Valenzuela**

"This is a useful, informative and much needed study of the organization, activities and location of local government in the Chilean political system. The study is divided into three sections: part one describes the stakes in local politics and its place within the competitive party system; part two focuses on the centrality of particularistic demands in local politics and the local and national networks and linkages that facilitate their articulation; and part three deals with a historical survey of center-local relations, throwing new light on municipal reform movements and the steady deterioration of local government. One of the most useful discussions considers the use and abuse of patron-client conceptualizations in describing political and social action." *Political Science Quarterly*

"This volume is important principally because it offers us, for almost the first time, a view of the dynamics of local politics in Chile prior to the political constraints imposed in 1973. The book is also significant for its theoretical clarification of 'broker politics' as distinct from the more conventional patron-client analyses." *Perspective: Government/Politics/International Affairs*

## **Border Boom Town**

**Ciudad Juárez since 1848**

**By Oscar J. Martínez**

*Border Boom Town* traces the social and economic evolution of Ciudad Juárez, the largest city on the U.S.-Mexican border and one of the fastest-growing urban centers in the world. The author discusses the interdependence of Juárez and El Paso, the effects of the waves of Mexicans who migrate through the city en route to the United States each year, and efforts to integrate the northern Mexican frontier into the national economy.

## **Anarchism and the Mexican Working Class, 1860–1931**

**By John M. Hart**

A major contribution to Mexican political and labor history, this study explores anarchism as an important factor in the development of the Mexican urban working class and agrarian movement. The author shows how the ideas of European anarchist thinkers took root in Mexico, how they influenced revolutionary tendencies there; and why anarchism was ultimately unsuccessful in producing real social change in Mexico.

## **German Buenos Aires, 1900–1933**

**Social Change and Cultural Crisis**

**By Ronald C. Newton**

This study of the German community of early twentieth century Buenos Aires is a major contribution to the literature on Argentine history and on the New World immigrant experience. Beginning with the first wave of immigration in the late nineteenth century and continuing to the outbreak of World War II, Professor Newton reconstructs the growth, development, and influence of a powerful foreign population in what was then the largest city in South America.
