SERIES B APPLIED MATHEMATICS

VOLUME XXI — PART 2

August 1979

SITA BHASKARAN and FRANZ J. M. SALZBORN	<i>Optimal diameter assignment for gas pipeline networks</i>	129
J. W. EVANS	<i>Aspects of the kinetic equations for a special one-dimensional system</i>	145
J. B. MOORE and G. LEDWICH	<i>Multivariable adaptive parameter and state estimators with convergence analysis</i>	176
J. M. GOLDEN	<i>The problem of a rigid punch moving on a visco-elastic half-plane with inertial effects approximately included</i>	198
R. J. EVANS and A. CANTONI	<i>A note on least-squares approximation with range constants</i>	230
D. L. CLEMENTS and T. R. TAUCHERT	<i>A thermoelastic crack problem for an anisotropic slab</i>	243

Printed and Published for

THE AUSTRALIAN MATHEMATICAL SOCIETY

by John Wright & Sons Ltd, Bristol, England

THE JOURNAL

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 appears in two series, Series A (Pure Mathematics) and Series B (Applied Mathematics). Information about Series A may be found on the inside back cover.

SERIES B APPLIED MATHEMATICS

This series will be published in volumes, comprising four parts, starting with volume XIX Part I in 1975. From 1980, four parts will be published annually. Subscriptions may be arranged through the Business Manager (see inside back cover). The annual cost for 1979 is \$22.

It is the editorial policy of Series B to accept papers in any field of applied mathematics and related mathematical sciences, excluding statistics. Novel applications of mathematics in real situations are welcomed. Authors are encouraged to write an introduction accessible to the whole applied mathematical community. Every effort will be made to publish suitable material with a minimum of delay.

Editor of the Journal

I. H. SLOAN, School of Mathematics, The University of New South Wales, P.O. Box 1, Kensington, N.S.W., Australia, 2033.

W. E. SMITH (Acting Editor, 1979), School of Mathematics, The University of New South Wales, P.O. Box 1, Kensington, N.S.W., Australia, 2033.

Associate Editors

B. D. O. ANDERSON,
Department of Electrical
Engineering,
University of Newcastle,
Newcastle, N.S.W. 2308.

V. T. BUCHWALD,
School of Mathematics,
University of N.S.W.,
P.O. Box 1, Kensington,
N.S.W. 2033.

V. G. HART,
Department of Mathematics,
University of Queensland,
St Lucia, Qld 4067.

C. A. HURST,
Department of Mathematical
Physics,
University of Adelaide,
Adelaide, S.A. 5000.

J. IMBERGER,
Department of Civil
Engineering,
University of W.A.,
Nedlands, W.A. 6009.

M. R. OSBORNE,
Computing Research Group,
Australian National
University, P.O. Box 4,
Canberra, A.C.T. 2600.

S. ROSENBLAT,
Department of Mathematics,
University of Melbourne,
Parkville, Vic. 3052.

W. E. SMITH,
School of Mathematics,
University of N.S.W.,
P.O. Box 1, Kensington,
N.S.W. 2033.

C. J. THOMPSON,
Department of Mathematics,
University of Melbourne,
Parkville, Vic. 3052.

Assistant Editors

N. G. BARTON, D. E. MACKENZIE, School of Mathematics, The University of New South Wales, P.O. Box 1, Kensington, N.S.W., Australia, 2033.

Manuscripts (two copies) for publication should be sent to the editor or to an appropriate associate editor at the address given above. Such action is a representation by the author that the manuscript has not been copyrighted or published, and that it is not being considered for publication elsewhere.

Authors are asked to read the section "Preparation of Manuscripts" on the outside cover.

Authors receive 50 free offprints of their papers; additional offprints may be ordered at cost. Excessive costs incurred by the Society through corrections to or withdrawal of articles may be charged to the authors concerned.
