Babylon, Memphis, Persepolis

Eastern Contexts of Greek Culture

Walter Burkert

This book traverses the ancient world's three great centers of cultural exchange—Babylonian Nineveh, Egyptian Memphis, and Iranian Persepolis—to situate classical Greece in its proper historical place, at the Western margin of a more comprehensive Near Eastern-Aegean cultural community that emerged in the Bronze Age and expanded westward in the first millennium B.C.

new in cloth

"Mr. Burkert is something of a sage himself; not only a 'wise man' and astonishingly learned, but a superb initiator into mysteries gleaned from recondite sources in dozens of dead languages. By bringing these lost or forgotten texts into vivid conjunction, he summons the past to life in all its unexpected intricacy. He shows us that the Greeks, whom we thought we knew, were stranger, and more wonderful, than we could have suspected."

Essays on the Politics of Going On Together

Josiah Ober

How do communities survive catastrophe? Using classical Athens as its case study, this book argues that if a democratic community is to survive over time, its people must choose to go on together. Josiah Ober demonstrates how the people of one influential political community rebuilt their democratic government, rewove their social fabric, and went on together.

EXILE, OSTRACISM, AND DEMOCRACY

The Politics of Expulsion in Ancient Greece

Sara Forsdyke

Sara Forsdyke argues that ostracism was primarily a symbolic institution whose meaning for Athenians was determined by past experiences of exile and by its role as a context for the ongoing negotiation of democratic values.

"A remarkably exciting and intellectually formidable piece of work." —Paul Cartledge, Cambridge University
