## The Funding of Political Parties

KEITH EWING

This study of the way in which political parties are funded examines in detail the corporate funding of the Conservative Party and the trade union funding of the Labour Party. In so doing the author considers the legal implications of this activity. 280 pp. 0 521 33446 2 £19.50 net

## Capital Punishment and the American Agenda

FRANKLIN E. ZIMRING and GORDON HAWKINS

Significant decisions on the future of the death penalty must be taken in America. This book reexamines the whole subject in light of the social, political and moral conditions of the United States in the 1980s, and offers a redefinition of the central political and legal issues.

## Unlawful Gain and Legitimate Profit in Islamic Law

*Riba, gharar, and Islamic Banking*

NABIL A. SALEH

The reassertion of Islamic law in a coherent banking system is considered in the context of its international legal implications. Nabil Saleh examines two restrictive rules in Islamic law, reflected in the ban on taking interest and the rejection of aleatory contracts, which strongly conflict with the existing world banking system.

## Cross-Examinations of Law and Literature

Cooper, Hawthorne, Stowe, and Melville

BROOK THOMAS

This book describes the unique relationship that existed between law and literature in America in the nineteenth century, each commenting on and reacting against each other as the nation expanded. Professor Thomas unites law and literature through an examination of prominent legal figures and themes, famous court decisions, and important issues in antebellum America.

## Judges, Legislators and Professors

Chapters in European Legal History

R.C. VAN CAENEGEM

In this important new study one of the world's foremost legal historians shows how and why continental and common law have come to diverge so sharply. Professor van Caenegem provides an historical introduction to continental law readily accessible to readers familiar with the principles of common law, and vice versa.

## The Law of War

INGRID DETTER DE LUPIS

This is the first substantive treatment in the English language since 1952 on the changing nature of warfare. Every important feature of the subject is covered, including the territorial application as well as the effects and enforcement of the rules of warfare. A vast amount of evidence from various legal sources and in many different languages is assembled and analysed in support of the author's arguments. *The Law of War* should become the standard working guide to the subject for students of international law as well as of international relations and politics for many years to come.

## Conflict of Laws

J. G. COLLIER

The English conflict of laws is a body of rules whose purpose is to assist an English court in deciding a case which contains a foreign element. In an important and authoritative new survey, J. G. Collier provides a lucid introduction to the principles of this complex and rapidly expanding legal area, of which all practising lawyers should have at least a working acquaintance.

## Roman, Provincial and Islamic Law

The Origins of the Islamic Patronate

PATRICIA CRONE

This book examines the cultural origins of Islamic law. Previous studies examined the different contributions of Roman, Arabian, and Jewish law. Dr Crone examines in detail the Roman hypothesis with reference to the patronate, and concludes that Provincial law would repay further consideration by legal historians.

## Sir William Scott, Lord Stowell

Judge of the High Court of Admiralty, 1798-1828

HENRY J. BOURGUIGNON

Sir William Scott's thirty years as judge of the High Court of Admiralty provides the basis of his reputation as the greatest of civilian lawyers. Professor Bourguignon analyses his work as judge of the admiralty court in the light of the little-known body of law which had been developed prior to his appointment.
