

Contents of *The American Journal of Psychiatry*

May 1991

Volume 148

Special Articles

- Organic unity theory: the mind-body problem revisited. *Aviel Goodman* 553
Comorbidity of attention deficit hyperactivity disorder with conduct, depressive, anxiety, and other disorders. *Joseph Biederman, Jeffrey Newcorn and Susan Sprich* 564
The psychological sequelae of therapeutic abortion – denied and completed. *Paul K. B. Dagg* 578

Regular Articles

- Suicide and guilt as manifestations of PTSD in Vietnam combat veterans. *Herbert Hendin and Ann Pollinger Hass* 586
Posttraumatic stress disorder after a school shooting: effects of symptom threshold selection and diagnosis by *DSM-III*, *DSM-III-R*, or proposed *DSM-IV*. *Eitan D. Schwarz and Janice M. Kowalski* 592
The assessment and treatment of performance anxiety in musicians. *Duncan B. Clark and W. Stewart Agras* 598
European versus US data on the course of schizophrenia. *Joanne Marengo, Martin Harrow, James Sands and Catriona Galloway* 606
A family study of *DSM-III-R* schizoaffective disorder, depressive type, compared with schizophrenia and psychotic and nonpsychotic major depression. *Mario Maj, Fabrizio Starace and Raffaele Pirozzi* 612
Cortical magnetic resonance imaging changes in elderly inpatients with major depression. *Peter V. Rabins, Godfrey D. Pearlson, Elizabeth Aylward, Ashok J. Kumar and Kathleen Dowell* 617
Changes in brain glucose metabolism in cocaine dependence and withdrawal. *Nora D. Volkow, Joanna S. Fowler, Alfred P. Wolf, Robert Hitzemann, Stephen Dewey, Bernard Bendriem, Robert Alpert and Anne Hoff* 621
Comparison of acetorphan with clonidine for opiate withdrawal symptoms. *Francois Hartmann, Marie-France Poirier, Marie-Chantal Bourdel, Henri Loo, Jeanne-Marie Lecomte and Jean-Charles Schwartz* 627
Outcomes for cocaine abusers after once-a-week psychosocial therapy. *Sung-Yeon Kang, Paula H. Kleinman, George E. Woody, Robert B. Millman, Thomas C. Todd, John Kemp and Douglas S. Lipton* 630
Risk factors for needle sharing among methadone-treated patients. *David Metzger, George Woody, Dominick De Philippis, A. Thomas McLellan, Charles P. O'Brien and Jerome J. Platt* 636
Implications of self-reported cognitive and motor dysfunctions in HIV-positive patients. *Jean W. Wilkins, Kevin R. Robertson, Clyde R. Snyder, Wendy K. Robertson, Charles van der Horst and Colin D. Hall* 641
Expenditures for psychotropic medications in the United States in 1985. *Joseph J. Zorc, David B. Larson, John S. Lyons and Robert S. Beardsley* 644
Parents' emotional neglect and overprotection according to the recollections of patients with borderline personality disorder. *Hallie Zweig-Frank and Joel Paris* 648
Kleptomania: a report of 20 cases. *Susan L. McElroy, Harrison G. Pope, Jr, James I. Hudson, Paul E. Keck, Jr and Kerrin L. White* 652
Hypnotically induced auditory hallucinations and the mouth-opening maneuver: a failure to duplicate findings. *Eugene E. Levitt and Thomas G. Waldo* 658
Not all that moves is tardive dyskinesia. *Vikram Khot and Richard Jed Wyatt* 661
- ## **Clinical and Research Report**
- Imipramine treatment of methadone maintenance patients with affective disorder and illicit drug use. *Edward V. Nunes, Frederic M. Quitkin, Ronald Brady and Jonathan W. Stewart* 667

Index to Volume 158

Compiled by Stanley Thorley

PART I – SUBJECTS	2–16
PART II – CONTRIBUTORS	16–24
PART III – BOOK REVIEWS	24–27
SUPPLEMENT 10, VOLUME 158	28–29
ACKNOWLEDGEMENT TO ASSESSORS	30–31

Abbreviations: BR Brief Report; C Correspondence; other abbreviations given in text of index.

PART I. SUBJECTS

A hundred years ago

- Harveian Society. General paralysis of the insane. Dr Savage. (Henry Rollin) 138
Hysteria and organic disease. Henry Rollin 438
Music as a remedy. Henry Rollin 578
Nursing of the insane. Henry Rollin 722
Our library table: *Oeuvres Complètes de J. M. Charcot*. Tome IX. Henry Rollin 867
The non-restraint question. Henry Rollin 292

Accident and emergency ward. Psychiatric screening of admissions to an accident and emergency ward. Gary Bell *et al* 554–557

Adolescence

- Sex differences in suicidal behaviour of referred adolescents. Joseph M. Rey and Kevin D. Bird 776–781
see also **Child and adolescent psychiatry**

Adoption. Adoption and eating disorders: a high-risk group? Neil L. Holden 829–833

Adversity. Groups with an increased risk of minor affective disorder. P. E. Bebbington *et al* 33–40

Affective disorders

Complications

- Bipolar affective disorder following head injury. J. S. Bamrah and J. Johnson (BR) 117–119
Mood disorders in the year after first stroke. Allan House *et al* 83–92
Morbidity risks of schizophrenia and affective disorders among first-degree relatives of patients with schizoaffective disorders. Ming T. Tsuang 165–170

Incidence. Gender, parity and the prevalence of minor affective disorder. P. E. Bebbington *et al* 40–45

Psychology

- Adversity in groups with an increased risk of minor affective disorder. P. E. Bebbington *et al* 33–40
Pre-morbid adjustment and personality in psychosis. Effects of sex and diagnosis. Alice Foerster *et al* 171–176

Therapy. Long-term effects of lithium on the kidney. O. Hetmar *et al* 53–58

see also **Anxiety, Bipolar disorder, Depression, Dysthymia, Hypomania, Mania and Manic depression**

Afro-Caribbeans. Management of first episode psychotic illness in Afro-Caribbean patients. Eric Y. H. Chen *et al* 517–522

Alcoholism

Carbamazepine in alcohol withdrawal. C. G. Ballard *et al* (C) 133

Depression and previous alcoholism in the elderly. Brian L. Cook *et al* 72–75

Who was Jellinek? Griffith Edwards (C) 431

Alprazolam. Prescription-event monitoring of 10 895 patients treated with alprazolam. J. Guy Edwards *et al* 387–392

Alzheimer's disease

Cerebral pharmacodynamics of physostigmine in Alzheimer's disease investigated using single-photon computerised tomography. R. Hunter *et al* 351–357

Effect of central cholinergic stimulation on regional cerebral blood flow in Alzheimer's disease. Ken Wilson *et al* (*Current literature*) 558–562

Evidence for allelic heterogeneity in familial early-onset Alzheimer's disease. Cornelia M. van Duijn *et al* 471–474

Primitive reflexes in Alzheimer's disease. Paul Crichton and Carrick McDonald (C) 436

Amnesia. Mr X – a case of amnesia. Yair Domb and Katja Beaman (BR) 423–425

Annotations

Confusions concerning sleep disorders and the epilepsies in children and adolescents. Gregory Stores 1–7

Genetic model compatible with a dimensional view of schizophrenia. David Roberts and Gordon Claridge 451–456

Marketing of 5-hydroxytryptamine: depression or anxiety? David Healy 737–742

- Anorexia nervosa**
 Anorexia in the elderly. Paul Cosford and Elaine Arnold (C) 286–287
 Anorexia nervosa: outcome and prognostic factors after 20 years. R. H. Ratnasuriya *et al* 495–502
 Anorexia nervosa across cultures. Sing Lee (C) 284–285, Lawrence McGibbon *et al* (C) 285, Dinesh K. Arya (C) 285–286
 Anorexia nervosa in the elderly. Brian O'Shea (C) 716–717
 Anorexia nervosa in a group of Asian children living in Britain. Rachel Bryant-Waugh and Bryan Lask 229–233
- Anxiety**
 Bradford Somatic Inventory. Multi-ethnic inventory of somatic symptoms reported by anxious and depressed patients in Britain and the Indo-Pakistan subcontinent. D. B. Mumford *et al* 379–386
 Controlled comparison of day-patient and out-patient treatment for persistent anxiety and depression. Peter H. Dick *et al* 24–27
 Longitudinal study of psychological and social factors affecting recovery from psychiatric breakdowns. Keith Oatley and Christina Perring 28–32
 Marketing of 5-hydroxytryptamine: depression or anxiety? David Healy (*Annotation*) 737–742
 Social influences on the course of anxious and depressive disorders in school-age children. Ian Goodyer *et al* 676–684
- Asians**
 Anorexia nervosa in Asian children. Rachel Bryant-Waugh and Bryan Lask 229–233
 Eating disorders in Asian women. Sing Lee (C) 131–132
 Eating disorders in Asians. Santosh K. Chaturvedi (C) 860–861, David B. Mumford (C) 861
 Sociocultural correlates of eating disorders among Asian schoolgirls in Bradford. D. B. Mumford *et al* 222–228
 Survey of psychiatrically ill children. Syed Hasan Jawed (BR) 268–270
- Audits.** In-patient behavioural psychotherapy unit. Description and audit. Graham Thornicroft *et al* 362–367
- Australia.** British and Australian depression revisited. Alan S. Lee and Conor F. Duggan (C) 287–288
- Autism.** Is autism more common now than ten years ago? Christopher Gillberg *et al* 403–409
- Avon probation service.** Berkeley Group. Ten years' experience of a group for non-violent sex offenders. David A. G. Cook *et al* 238–243
- Behaviour disorder.** Behaviour disorder in pre-school children in Hong Kong. A two-stage epidemiological study. Siu-Luen Luk *et al* 213–221
- Behaviour Screening Questionnaire (BSQ).** Behaviour disorder in Hong Kong pre-school children. Siu-Luen Luk *et al* 213–221
- Behaviour therapy**
 Exposure therapy for post-traumatic stress disorder. Four case studies. David A. Richards and John S. Rose (BR) 836–840
- In-patient behavioural psychotherapy unit. Description and audit. Graham Thornicroft *et al* 362–367
- Belief.** Effects of belief on grief. Dave Hambridge (C) 291
- Benzodiazepine**
 Benzodiazepine withdrawal syndrome. Malcolm Lader and Sally Morton (C) 435–436
 Buspirone in benzodiazepine withdrawal. C. H. Ashton *et al* (C) 283–284
 Double-blind comparison of the effects of gradual withdrawal of lorazepam, diazepam and bromazepam in benzodiazepine dependence. Siobhan M. Murphy and Peter Tyrer 511–516
- Berkeley Group.** Ten years' experience of a group for non-violent sex offenders. David A. G. Cook *et al* 238–243
- Beta-endorphin.** Neuropeptide concentrations in CSF before and after ECT. Charles B. Nemeroff *et al* 59–63
- Bipolar disorder**
 Bipolar disorder and cerebral sarcoidosis. Declan McLoughlin and Patrick McKeon (BR) 410–413
 Retrospective case-note study of bipolar disorder in old age. John Snowdon 485–490
- Bismuth nitrate.** Encephalopathy resembling Creutzfeldt–Jakob disease following oral, prescribed doses of bismuth nitrate. Michael J. von Bose and Michael Zaudig (BR) 278–280
- Body Shape Questionnaire.** Eating disorders among Asian schoolgirls. D. B. Mumford *et al* 222–228
- Books reconsidered**
La Schizophrénie: E. Minkowski. (John Cutting) 293–295
On Becoming a Person: A Therapist's View of Psychotherapy: Carl Ransom Rogers. (Duncan Cramer) 139–141
One Flesh: Separate Persons: Robin Skynner. (Stan Rusczyński) 868–870
- Borderline disorders.** Borderline and schizotypal disorders in children and adolescents. Martijn Meijer and Philip D. A. Treffers 205–212
- Bradford.** Eating disorders among Asian schoolgirls. D. B. Mumford *et al* 222–228
- Bradford Somatic Inventory.** Multi-ethnic inventory of somatic symptoms reported by anxious and depressed patients in Britain and the Indo-Pakistan subcontinent. D. B. Mumford *et al* 379–386
- Brain**
 Auditory selective attention and event-related potentials in schizophrenia. Philip B. Ward *et al* 534–539
 Brain lesions and cognitive function in late-life psychosis. Bruce L. Miller *et al* 76–82. Alistair Flint *et al* (C) 866
 MRI study of schizophrenia. Brain structure and clinical symptoms. A. H. Young *et al* 158–164
 Ordering thoughts on thought disorder. John McGrath 307–316
 Parietal signs and sinister prognosis in dementia. A four-year follow-up study. Ronan O'Carroll *et al* 358–361
 Schizophrenia: a neuropathological perspective. G. W. Roberts (*Review article*) 8–17
see also Cerebrum, Frontal lobes, Parietal lobes and Pituitary tumours

- Bristol.** Suicide and unexpected deaths among psychiatric in-patients. The Bristol confidential inquiry. H. G. Morgan and Pamela Priest 368–374
- Britain**
Anorexia nervosa in Asian children. Rachel Bryant-Waugh and Bryan Lask 229–233
British and Australian depression revisited. Alan S. Lee and Conor F. Duggan (C) 287–288
see also **England and Wales**
- Bromazepam.** Double-blind comparison of the effects of gradual withdrawal of lorazepam, diazepam and bromazepam in benzodiazepine dependence. Siobhan M. Murphy and Peter Tyrer 511–516
- Bromocriptine.** Bromocriptine in catatonic stupor. Tariq Mahmood (C) 437–438
- Bromolisuride.** Estimated density of D₂ striatal receptors in schizophrenia. A study with positron emission tomography and ⁷⁶Br-bromolisuride. J. L. Martinot *et al* 346–350
- Bulimia nervosa.** Bulimia nervosa: family size, sibling sex and birth order. A catchment-area study. J. Hubert Lacey *et al* 491–494
- Buspirone**
Buspirone in benzodiazepine withdrawal. C. H. Ashton *et al* (C) 283–284
Buspirone in detoxification. Raymond Travers (C) 133–134
Buspirone-induced mania. Ronan J. McIvor and Kenneth Sinanan (C) 136–137
- Cancer.** Factor structure and factor stability of the Hospital Anxiety and Depression Scale in patients with cancer. Stirling Moorey *et al* 255–259
- Capgras syndrome.** Capgras syndrome. Bron Lipkin (C) 131
- Carbamazepine**
Carbamazepine in alcohol withdrawal. C. G. Ballard *et al* (C) 133
Carbamazepine and NMS. Fiona Coulter and F. M. Corrigan (C) 434–435
- Cardiovascular disease**
Can lifestyle changes reverse coronary heart disease? The lifestyle heart trial. David Wheatley and C. Bass (*Current literature*) 264–267
Mood disorder after stroke. Allan House *et al* 83–92
- Care needs.** Psychiatric symptoms, diagnoses and care needs of 100 mentally handicapped patients. Brian R. Ballinger *et al* 251–254
- Case notes.** Recording of information in case notes. D. L. F. Dunleavy and P. L. Cornwall (C) 571
- Catatonia**
Bromocriptine in catatonic stupor. Tariq Mahmood (C) 437–438
Catatonia: harbinger of the neuroleptic malignant syndrome. Denise A. C. White and Ashley H. Robins (BR) 419–421
Catatonia and NMS. T. K. S. Tan and S. H. Ong (C) 858. Denise A. C. White and Ashley H. Robins (C) 858–859. Tim Dalkin and Jo Kennedy (C) 859
- Motor, volitional and behavioural disorders in schizophrenia. 1: Assessment using the modified Rogers Scale. C. E. Lund *et al* 323–327
Motor, volitional disorders in schizophrenia. 2: 'Conflict of paradigms' hypothesis. P. J. McKenna *et al* 328–336
- CATEGO4.** Comparison of CATEGO-derived ICD-8 and DSM-III. Classifications using the Composite International Diagnostic Interview in severely ill subjects. Anne E. Farmer *et al* 177–182
- Cerebrospinal fluid.** Neuropeptide concentrations in the cerebrospinal fluid of depressed patients treated with electroconvulsive therapy. Charles B. Nemeroff *et al* 59–63
- Cerebrum**
Cerebral pharmacodynamics of physostigmine in Alzheimer's disease investigated using single-photon computerised tomography. R. Hunter *et al* 351–357
Effect of central cholinergic stimulation on regional cerebral blood flow in Alzheimer's disease. Ken Wilson *et al* (*Current literature*) 558–562
Polycythaemia rubra vera, cerebral ischaemia and depression. Declan Murray and Richard Hodgson (BR) 842–844
- Charcot, J. M. Oeuvres Complètes de J. M. Charcot.** Tome IX. Our library table. Henry Rollin. (*A hundred years ago*) 867
- Checklist, Pre-school Behaviour Checklist (PBCL):** Behaviour disorder in Hong Kong pre-school children. Siu-Luen Luk *et al* 213–221
- Child and adolescent psychiatry**
Anorexia nervosa in Asian children. Rachel Bryant-Waugh and Bryan Lask 229–233
Behaviour disorder in pre-school children in Hong Kong. Siu-Luen Luk *et al* 213–221
Borderline and schizotypal disorders in children and adolescents. Martijn Meijer and Philip D. A. Treffers 205–212
Child physical abuse observed. Comparison of families with and without history of child abuse treated in an in-patient family unit. Kevin Healy *et al* 234–237
Child psychiatry in developing countries. Anula D. Nikapota (*Review article*) 743–751
Child and psychiatry liaison services. L. McGibben and C. Ballard (C) 573
Confusions concerning sleep disorders and the epilepsies in children and adolescents. Gregory Stores (*Annotation*) 1–7
Eating disorders among Asian schoolgirls. D. B. Mumford *et al* 222–228
Impact of a liaison service on patterns of referral. Anne McFadyen *et al* 93–96
Is autism more common now than ten years ago? Christopher Gillberg *et al* 403–409
Patient data in child psychiatry. Patrick J. Byrne (C) 572
Pisa syndrome in an adolescent on neuroleptic medication. Jeremy Turk and Bryan Lask (BR) 422–423
Social influences on the course of anxious and depressive disorders in school-age children. Ian Goodyer *et al* 676–684
Survey of psychiatrically ill Asian children. Syed Hasan Jawed (BR) 268–270

- Childbirth.** Erotomania in relation to childbirth. Samuel I. Cohen (C) 291
- Cholinergic stimulation.** Effect of central cholinergic stimulation on regional cerebral blood flow in Alzheimer's disease. Ken Wilson *et al* (*Current literature*) 558–562
- Chromosome 21.** Evidence for allelic heterogeneity in familial early-onset Alzheimer's disease. Cornelia M. van Duijn *et al* 471–474
- Chronic fatigue syndrome.** Chronic fatigue syndrome. Eric Serra (C) 717
- Citalopram.** No crossover reactions to citalopram or paroxetine among patients hypersensitive to zimeldine. Bengt-O. Bengtsson *et al* (BR) 853–855
- Clozapine**
Clozapine-treated NMS. M. F. Burrell *et al* (C) 577
ECT following clozapine. Stephen J. Masiar and Celeste A. Johns (C) 135–136
Effects of clozapine on tardive dyskinesia. Jeffrey A. Liebermann *et al* 503–510
- Cognition.** Brain lesions and cognitive function in late-life psychosis. Bruce L. Miller *et al* 76–82, Alistair Flint *et al* (C) 866
- Community care**
Care of chronic neurotic out-patients by community psychiatric nurses. A long-term follow-up study. Tom Burns *et al* 685–690
Compulsory psychiatric treatment in the community
I. Controlled study of compulsory community treatment with extended leave under the Mental Health Act: Special characteristics of patients treated and impact of treatment. Tom Sensky *et al* 792–799
II. Controlled study of patients whom psychiatrists would recommend for compulsory treatment in the community. Tom Sensky *et al* 799–804
Planning for community care. Long-stay populations of hospitals scheduled for rundown or closure. P. Clifford *et al* 190–196
Replacing the mental hospital. Community provision for a district's chronically disabled in domestic environments? David Kingdon *et al* (BR) 113–117
- Composite International Diagnostic Interview (CIDI).** Comparison of CATEGO-derived ICD-8 and DSM-III. Classifications using the Composite International Diagnostic Interview in severely ill subjects. Anne E. Farmer *et al* 177–182
- Compulsory psychiatric treatment in the community**
I. Controlled study of compulsory community treatment with extended leave under the Mental Health Act: Special characteristics of patients treated and impact of treatment. Tom Sensky *et al* 792–799
II. Controlled study of patients whom psychiatrists would recommend for compulsory treatment in the community. Tom Sensky *et al* 799–804
- Computerised tomography.** Computerised tomography and schizophrenia. Robert Miller (C) 863
- Controls.** Selection of controls. Ian Gale (C) 862, Rodney Morice (C) 862–863
- Coping style.** Changes in patient coping style following individual and family treatment for schizophrenia. Margaret M. Rea *et al* 642–647
- Coronary heart disease.** Lifestyle heart trial. David Wheatley and C. Bass (*Current literature*) 264–267
- Corrigenda**
November 1990
777. Linda Beeley *not* Linda Bealey 438
778. Adityanjee – two references 138
December 1990
836–837. Legends for Figs 1 & 2 to be reversed
937. Andrew Scull *not* Andrew Skull 438
- Corticotrophin-releasing factor.** Neuropeptide concentrations in CSF before and after ECT. Charles B. Nemeroff *et al* 59–63
- Creatinine phosphokinase (CPK)**
CPK in NMS. Bridget Craddock *et al* (C) 130
Myth of serum creatinine phosphokinase level and neuroleptic malignant syndrome. Adityanjee (*Point of view*) 706–707
- Creutzfeldt–Jakob disease**
Encephalopathy resembling Creutzfeldt–Jakob disease following oral, prescribed doses of bismuth nitrate. Michael J. von Bose and Michael Zaudig (BR) 278–280
“Life, Jim, but not as we know it?” Transmissible dementias and the prion protein. Paul J. Harrison and Gareth W. Roberts (*Review article*) 457–470
- Crichton Royal.** Demand for psychogeriatric services. D. N. Anderson and H. Phaterpekar (C) 574–575
- Cross-cultural psychiatry**
Anorexia nervosa across cultures. Sing Lee (C) 284–285, Lawrence McGibbon *et al* (C) 285, Dinesh K. Arya (C) 285–286
Culture as a confounding variable. Jonathan Evans (C) 133
Ethnic minorities and the psychiatric system. Roland Littlewood (C) 433–434
The ‘new cross-cultural psychiatry’. Roland Littlewood (C) 575–576
Transcultural psychiatry. John L. Cox (*Reading about...*) 579–582
see also Afro-Caribbeans and Asians
- Crossover reactions.** No crossover reactions to citalopram or paroxetine among patients hypersensitive to zimeldine. Bengt-O. Bengtsson *et al* (BR) 853–855
- Current literature**
Can lifestyle changes reverse coronary heart disease? The lifestyle heart trial. David Wheatley and C. Bass 264–267
Effect of central cholinergic stimulation on regional cerebral blood flow in Alzheimer's disease. Ken Wilson *et al* 558–562
Is schizophrenia disappearing? John M. Eagles 834–835
Is sex necessarily a risk factor to depression? Tirril Harris *et al* 708–712
- Dangerousness**
Compulsory psychiatric treatment in the community
I. Controlled study of compulsory community treatment with extended leave under the Mental Health Act: Special characteristics of patients treated and impact of treatment. Tom Sensky *et al* 792–799

- II. Controlled study of patients whom psychiatrists would recommend for compulsory treatment in the community. Tom Sensky *et al* 799–804
- Dangerous mistakes. Nigel Walker (*Maudsley lecture*) 752–757
- Databases.** Patient data in child psychiatry. Patrick J. Byrne (C) 572
- Day care**
- Controlled comparison of day-patient and out-patient treatment for persistent anxiety and depression. Peter H. Dick *et al* 24–27
- Day care in an inner city
- I. Characteristics of attenders. Frank Holloway 805–810
- II. Quality of the services. Frank Holloway 810–816
- Randomised controlled trial of day and in-patient psychiatric treatment. 2: Comparison of two hospitals. Francis Creed *et al* 183–189
- Delusions**
- Erotomania in mental handicap. M. Ghaziuddin and L. Tsai (BR) 127–129
- Prevalence of delusional jealousy in different psychiatric disorders. An analysis of 93 cases. M. Soyka *et al* 549–553
- Dementia**
- Dementia with parietal signs. Carrick McDonald (C) 859, Ronan O'Carroll (C) 859–860
- "Life, Jim, but not as we know it?" Transmissible dementias and the prion protein. Paul J. Harrison and Gareth W. Roberts (*Review article*) 457–470
- Parietal signs and sinister prognosis in dementia. A four-year follow-up study. Ronan O'Carroll *et al* 358–361
- Systemic lupus erythematosus (SLE) and multi-infarct dementia. B. M. Green and K. C. M. Wilson (C) 291–292
- Depression**
- Complications**
- Depression and previous alcoholism in the elderly. Brian L. Cook *et al* 72–75
- Depression-dependent erotomanic delusions in a mentally handicapped woman. M. Ghaziuddin and L. Tsai (BR) 127–129
- Encephalopathy resembling Creutzfeldt–Jakob disease following oral, prescribed doses of bismuth nitrate. Michael J. von Bose and Michael Zaudig (BR) 278–280
- Polycythaemia rubra vera, cerebral ischaemia and depression. Declan Murray and Richard Hodgson (BR) 842–844
- Psychotic depression presenting as status epilepticus. Jean Claude Monfort and Andre Manus (C) 570–571
- Incidence**
- Bradford Somatic Inventory. Multi-ethnic inventory of somatic symptoms reported by anxious and depressed patients in Britain and the Indo-Pakistan subcontinent. D. B. Mumford *et al* 379–386
- Depression and the menopause. David Wheatley (C) 431–432, Ernest H. Friedman (C) 432
- EPDS by post. Josephine M. Green *et al* (C) 865
- Is sex necessarily a risk factor to depression? Tirril Harris *et al* (*Current literature*) 708–712
- Menopausal depression. Louis Appleby (C) 864–865
- Physiopathology.** Neuropeptide concentrations in CSF before and after ECT. Charles B. Nemeroff *et al* 59–63
- Prognosis**
- British and Australian depression revisited. Alan S. Lee and Conor F. Duggan (C) 287–288
- Prognosis of depression in old age. P. W. Burvill *et al* 64–71
- Psychopathology**
- Longitudinal study of psychological and social factors affecting recovery from psychiatric breakdowns. Keith Oatley and Christina Perring 28–32
- Negative modes of relating, marital quality and depression. John Birtchnell 648–657
- Psychotic depression: psychoanalytic psychopathology in relation to treatment and management. Charles Lund 523–528
- Relationship between post-natal depression and mother–child interaction. Alan Stein *et al* 46–52
- Social influences on the course of anxious and depressive disorders in school-age children. Ian Goodyer *et al* 676–684
- Therapy**
- Controlled comparison of day-patient and out-patient treatment for persistent anxiety and depression. Peter H. Dick *et al* 24–27
- Lithium treatment and prophylaxis in unipolar depression: a meta-analysis. F. G. M. Souza and G. M. Goodwin 666–675
- Marketing of 5-hydroxytryptamine: depression or anxiety? David Healy (*Annotation*) 737–742
- Trazodone-induced transient hypomanic symptoms and their management. S. Jabeen and C. J. Fisher (BR) 275–278
- Verapamil in major (psychotic) depression. Raymond M. Jacques and Stephen J. Cox (BR) 124–125
- Detention.** Dangerous mistakes. Nigel Walker (*Lecture*) 752–757
- Detoxification.** Buspirone in detoxification. Raymond Travers (C) 133–134
- Developing countries.** Child psychiatry in developing countries. Anula D. Nikapota (*Review article*) 743–751
- Diagnostic Interview schedule (DIS).** Is sex necessarily a risk factor to depression? Tirril Harris *et al* (*Current literature*) 708–712
- Diazepam**
- Diazepam abreaction. Adityanjee *et al* (C) 289
- Double-blind comparison of the effects of gradual withdrawal of lorazepam, diazepam and bromazepam in benzodiazepine dependence. Siobhan M. Murphy and Peter Tyrer 511–516
- Dopamine**
- Estimated density of D₂ striatal receptors in schizophrenia. A study with positron emission tomography and ⁷⁵Br-bromolisuride. J. L. Martinot *et al* 346–350
- No evidence for a susceptibility locus predisposing to manic depression in the region of the dopamine (D₂) receptor gene. Deborah Holmes *et al* 635–641

- Double-blind trials.** Blinding trials. Duncan Double (C) 573–574
- Drugs**
- Addictive**
 - Comparison of the withdrawal responses of heroin and methadone addicts during detoxification. Michael Gossop and John Strang 697–699
 - Toluene-related psychosis. Alan Byrne and Terry Zibin (C) 578
 - Anti-Parkinsonian.** Drug-induced koro in a non-Chinese man. Eric Chen (C) 721
 - Dependence on monoamine oxidase inhibitors in high dose.** Dimitrios Vartzopoulos and Friedrich Krull (BR) 856–857
 - Prescribing in mental handicap hospitals.** T. W. Fan (C) 282–283, Stephen Tyrer *et al* 283
 - What happens to patients who frequently harm themselves? A retrospective one-year outcome study.** Ruth Stocks and Allan I. F. Scott 375–378
 - see also* Alprazolam, Benzodiazepine, Bismuth nitrate, Bromazepam, Bromocriptine, Buspirone, Carbamazepine, Citalopram, Clozapine, Creatinine phosphokinase, Diazepam, Dopamine, Fluoxetine hydrochloride, Fluphenazine, Hydroxytryptamine, Lithium, Lorazepam, L-tryptophan, Neuroleptics, Paroxetine, Physostigmine, Tolbutamide, Tolvon, Trazodone, Verapamil and Zimeldine
- DSM–III.** Comparison of CATEGO-derived ICD–8 and DSM–III. Classifications using the Composite International Diagnostic Interview in severely ill subjects. Anne E. Farmer *et al* 177–182
- Dundee.** Psychiatric symptoms, diagnoses and care needs of 100 mentally handicapped patients. Brian R. Ballinger *et al* 251–254

- Edinburgh Postnatal Depression Scale (EPDS).** EPDS by post. Josephine M. Green *et al* (C) 865
- Education**
- Educating the psychiatrist of the 21st century. Harold Bourne (C) 137–138
 - Educational status and neurological abnormalities in schizophrenia. K. S. Shaji (C) 865–866
 - Postgraduate psychiatry. Louis Appleby (*Reading about*) 439–431
- Elderly**
- Anorexia in the elderly. Paul Cosford and Elaine Arnold (C) 286–287, Brian O'Shea (C) 716–717
 - Brain lesions and cognitive function in late-life psychosis. Bruce L. Miller *et al* 76–82, Alistair Flint *et al* (C) 866
 - Demand for psychogeriatric services. D. N. Anderson and H. Phaterpekar (C) 574–575
 - Depression and previous alcoholism in the elderly. Brian L. Cook *et al* 72–75
 - How old are the elderly? Prakash Naik (C) 575
 - Prognosis of depression in old age. P. W. Burvill *et al* 64–71
 - Retrospective case-note study of bipolar disorder in old age. John Snowdon 485–490
 - Scottish survey of old long-stay in-patients. R. G. McCreadie *et al* 398–402
- Electroconvulsive therapy**
- ECT following clozapine. Stephen J. Masiar and Celeste A. Johns (C) 135–136
 - Failure to convulse with ECT. Garry Walter (C) 716
 - Neuropeptide concentrations in CSF before and after ECT. Charles B. Nemeroff *et al* 59–63
- Encephalopathy.** Encephalopathy resembling Creutzfeldt–Jakob disease following oral, prescribed doses of bismuth nitrate. Michael J. von Bose and Michael Zaudig (BR) 278–280
- England and Wales.** Unfit to plead in England and Wales, 1976–88. A survey. D. H. Grubin 540–548
- Epilepsies**
- Confusions concerning sleep disorders and the epilepsies in children and adolescents. Gregory Stores (*Annotation*) 1–7
 - Interictal psychopathology in epilepsy. Prevalence and pattern in a Nigerian clinic. Oye Gureje 700–705
 - Psychotic depression presenting as status epilepticus. Jean Claude Monfort and Andre Manus (C) 570–571
- Erotomania**
- Depression-dependent erotomanic delusions in a mentally handicapped woman. M. Ghaziuddin and L. Tsai (BR) 127–129
 - Erotomania in relation to childbirth. Samuel I. Cohen (C) 291
- Event-related potentials.** Auditory ERPS and schizophrenia. Philip B. Ward *et al* 534–539
- Evoked potentials.** Early cortical tactile-evoked potentials, laterality and schizophrenia. Jane E. Allen *et al* 529–533
- Exposure therapy.** Exposure therapy for post-traumatic stress disorder. Four case studies. David A. Richards and John S. Rose (BR) 836–840
- Family history.** Gilles de la Tourette syndrome in the Middle East. Report of a cohort and a multiple affected large pedigree. Mary M. Robertson and M. R. Trimble (BR) 416–419

Family intervention

- Family intervention. Jim Birch (C) 717–718
 Nithsdale schizophrenia surveys. VIII: Do relatives want family intervention – and does it help? R. G. McCreadie *et al* (BR) 110–113

Fetishism. Hypersexuality, fetishism and multiple sclerosis. R. Huws *et al* (BR) 280–281

Fluoxetine hydrochloride. Successful treatment of paraphilic coercive disorder (a rapist) with fluoxetine hydrochloride. Martin P. Kafka (BR) 844–47

Fluphenazine. Plasma levels of fluphenazine in patients receiving fluphenazine decanoate. Relationship to clinical response. Stephen R. Marder *et al* 658–665

Forensic psychiatry

- Dangerous mistakes. Nigel Walker (*Maudsley lecture*) 752–757
 Treatment as an alternative to prosecution: offenders diverted to treatment. David J. Cooke 785–791

Frontal lobes

- Depression and the menopause. Ernest H. Friedman (C) 432
 Ordering thoughts on thought disorder. John McGrath 307–316
 Schizophrenic symptoms and frontal lobe performance. Peter F. Liddle and Danielle L. Morris 340–345
 Selection of controls. Ian Gale (C) 862, Rodney Morice (C) 862–863

Gender

- Gender, parity and the prevalence of minor affective disorder. P. E. Bebbington *et al* 40–45
 Gender-divergent aetiological factors in obsessive-compulsive disorder. Homa F. Noshirvani *et al* 260–263
 Gender-identity clinic patients. N. E. de Taranto *et al* (C) 714–715, Alistair Burns *et al* (C) 715

General Health Questionnaire (GHQ)

- Psychiatric screening of admissions to an accident and emergency ward. Gary Bell *et al* 554–557
 The GHQ and the HAD. T. P. Snaith (C) 433

General paralysis of the insane. Harveian Society. Dr Savage. (Henry Rollin. *A hundred years ago*) 138

Genes

- Evidence for a pseudo-autosomal locus for schizophrenia using the method of affected sibling pairs. J. Collinge *et al* 624–629
 No evidence for a susceptibility locus predisposing to manic depression in the region of the dopamine (D2) receptor gene. Deborah Holmes *et al* 635–641
 No genetic linkage detected for schizophrenia to Xq27–q28. Lynn E. Delisi *et al* 630–634
 Search for the psychosis gene. T. J. Crow (*Molecular biology symposium*) 611–614

Gerstmann-Straussler syndrome. ‘Life, Jim, but not as we know it?’ Transmissible dementias and the prion protein. Paul J. Harrison and Gareth W. Roberts (*Review article*) 457–470

Glomerular filtration rate (GFR). Long-term effects of lithium on the kidney. O. Hetmar *et al* 53–58

Goodmayes Network Analysis Questionnaire (GNAQ). Social networks of long-term patients. David Abrahamson (C) 718–719

Grief. Effects of belief on grief. Dave Hambridge (C) 291
Group psychotherapy. Group psychotherapy. Michael Hobbs. (Reading about...) 723–725

Hallucinations. Musical and verbal hallucinations. A. G. Gordon (C) 715–716

Hamilton Rating Scale for Depression. Professor Max Hamilton: an apology. Peter A. van Keep (C) 434

Head injury. Bipolar affective disorder following head injury. J. S. Bamrah and J. Johnson (BR) 117–119

Heroin. Comparison of the withdrawal responses of heroin and methadone addicts during detoxification. Michael Gossop and John Strang 697–699

Heterogeneity. Evidence for allelic heterogeneity in familial early-onset Alzheimer’s disease. Cornelia M. van Duijn *et al* 471–474

Hong Kong. Behaviour disorder in pre-school children. Siu-Luen Luk *et al* 213–221

Hospital Anxiety and Depression (HAD) scale

- Factor structure and factor stability of the Hospital Anxiety and Depression Scale in patients with cancer. Stirling Moorey *et al* 255–259
 The GHQ and the HAD. T. P. Snaith (C) 433
 Using the Hospital and Anxiety and Depression Scale to screen for psychiatric disorders in people presenting with deliberate self-harm. D. Hamer *et al* 782–784

Hospitals

- Day v. in-patient treatment. Francis Creed *et al* 183–189
 Planning for community care. Long-stay populations of hospitals scheduled for rundown or closure. P. Clifford *et al* 190–196
 Prescribing in mental handicap hospitals. T. W. Fan (C) 282–283, Stephen Tyrer *et al* 283
 Replacing the mental hospital. Community provision for a district’s chronically disabled in domestic environments? David Kingdon *et al* (BR) 113–117

Human leucocyte antigens (HLA)

- Human leucocyte antigens and tardive dyskinesia. K. W. Brown and T. White (BR) 270–272
 Tardive dyskinesia and HLA. Pdraigh Wright (C) 863–864

Hydatidiform moles. Psychosis following hydatidiform mole in a patient with recurrent puerperal psychosis. S. W. Hopker and I. F. Brockington (BR) 122–123

Hydroxytryptamine. Marketing of 5-hydroxytryptamine: depression or anxiety. David Healy (*Annotation*) 737–742

Hypersensitive syndrome. No crossover reactions to citalopram or paroxetine among patients hypersensitive to zimeldine. Bengt-O. Bengtsson *et al* (BR) 853–855

Hypersexuality. Hypersexuality, fetishism and multiple sclerosis. R. Huws *et al* (BR) 280–281

Hypomania. Trazodone-induced transient hypomanic symptoms and their management. S. Jabeen and C. J. Fisher (BR) 275–278

Hysteria

- Dystonia – a potential psychiatric pitfall. M. H. Pinto de Azevedo and Margarida Moniz (C) 436
- Hysteria and organic disease. Henry Rollin (*A hundred years ago*) 438

ICD-8. Comparison of CATEGO-derived ICD-8 and DSM-III. Classifications using the Composite International Diagnostic Interview in severely ill subjects. Anne E. Farmer *et al* 177–182

In-patients

- Child physical abuse observed. Comparison of families with and without history of child abuse treated in an in-patient family unit. Kevin Healy *et al* 234–237
- In-patient behavioural psychotherapy unit. Description and audit. Graham Thornicroft *et al* 362–367
- Nature and severity of disabilities in long-stay psychiatric in-patients in South Glamorgan. I. G. Pryce *et al* 817–821
- Randomised controlled trial of day and in-patient psychiatric treatment. 2: Comparison of two hospitals. Francis Creed *et al* 183–189
- Scottish survey of old long-stay in-patients. R. G. McCreadie *et al* 398–402
- Suicide and unexpected deaths among psychiatric in-patients. The Bristol confidential inquiry. H. G. Morgan and Pamela Priest 368–374

Incest. Incestuous abuse in psychiatric patients. Johann Kinzl and Wilfried Biebl (C) 719

India

- Informed consent in India. K. S. Jacob and I. Rajan (C) 576
- Suicide in Indian women. R. K. Chadda *et al* (C) 434

Indo-Pakistan subcontinent. Multi-ethnic inventory of somatic symptoms reported by anxious and depressed patients in Britain and the Indo-Pakistan subcontinent. D. B. Mumford *et al* 379–386

Informed consent. Informed consent in India. K. S. Jacob and I. Rajan (C) 576

Inner cities. Day care in an inner city

- I. Characteristics of attenders. Frank Holloway 805–810
- II. Quality of the services. Frank Holloway 810–816

Intervention programmes. Engagement of relatives in intervention programmes. Julian Leff *et al* (C) 571–572

Inventory. Bradford Somatic Inventory. D. B. Mumford *et al* 379–386

Jacobson's theory of affects and psychotic depression. Psychotic depression: psychoanalytic psychopathology in relation to treatment and management. Charles Lund 523–528

Jarman-8 index. Social deprivation and rates of treated mental disorder. Developing statistical models to predict psychiatric service utilisation. Graham Thornicroft 475–484

Jealousy

- Delusional jealousy in psychiatric disorders. M. Soyka *et al* 549–553

Jealousy: the pathology of passion. Paul E. Mullen (*Eliot Slater lecture*) 593–601

Jellinek, E. K. Who was Jellinek? Griffith Edwards (C) 431

Kidneys

- Long-term effects of lithium. O. Hetmar *et al* 53–58
- Organic manic syndrome associated with advanced uraemia due to polycystic kidney disease. Christopher S. Thomas and T. James Neale (BR) 119–121

Koro. Drug-induced koro in a non-Chinese man. Eric Chen (C) 721

Kuru. "Life, Jim, but not as we know it?" Transmissible dementias and the prion protein. Paul J. Harrison and Gareth W. Roberts (*Review article*) 457–470

L-tryptophan. Beyond pumpkin seeds. Shelagh Axford *et al* (C) 573

Late life *see* **Elderly**

Laterality. Early cortical tactile-evoked potentials, laterality and schizophrenia. Jane E. Allen *et al* 529–533

Lectures

- Eliot Slater Memorial 1990: Jealousy: the pathology of passion. Paul E. Mullen 593–601
- Maudsley 1990: Dangerous mistakes. Nigel Walker 752–757

Liaison services

- Child and psychiatry liaison services. L. McGibben and C. Ballard (C) 573
- Impact of a child psychiatry liaison service on patterns of referral. Anne McFadyen *et al* 93–96

Lifestyle. Can lifestyle changes reverse coronary heart disease? The lifestyle heart trial. David Wheatley and C. Bass (*Current literature*) 264–267

Lithium

Lithium maintenance: 1. A standard education programme for patients. Malcolm Peet and Norman S. Harvey 197–200

Lithium maintenance: 2. Effects of personality and attitude on health information acquisition and compliance. Norman S. Harvey and Malcolm Peet 200–204

Lithium treatment and prophylaxis in unipolar depression, a meta-analysis. F. G. M. Souza and G. M. Goodwin 666–675

Long-term effects on the kidney. A prospective follow-up study ten years after kidney biopsy. O. Hetmar *et al* 53–58

Prophylactic lithium in puerperal psychosis. The experience of three centres. D. E. Stewart *et al* 393–397

Recording of information in case notes. D. L. F. Dunleavy and P. L. Cornwall (C) 571

Long-stay patients

Nature and severity of disabilities in long-stay psychiatric in-patients in South Glamorgan. I. G. Pryce *et al* 817–821

Social networks of long-term patients. David Abrahamson (C) 718–719

- Lorazepam.** Double-blind comparison of the effects of gradual withdrawal of lorazepam, diazepam and bromazepam in benzodiazepine dependence. Siobhan M. Murphy and Peter Tyrer 511–516
- Magnetic resonance imaging.** MRI study of schizophrenia. Brain structure and clinical symptoms. A. H. Young *et al* 158–164
- Mania**
- Buspiron-induced mania. Ronan J. McIvor and Kenneth Sinanan (C) 136–137
- Organic manic syndrome associated with advanced uraemia due to polycystic kidney disease. Christopher S. Thomas and T. James Neale (BR) 119–121
- Selection of controls. Ian Gale (C) 862. Rodney Morice (C) 862–863
- Spontaneous improvement of tardive dystonia during mania. O. Yazici *et al* (BR) 847–850
- Uraemia and mania. Franco Benazzi (C) 718
- Manic depression.** No evidence for a susceptibility locus predisposing to manic depression in the region of the dopamine (D2) receptor gene. Deborah Holmes *et al* 635–641
- Marital and family psychotherapy.** Robin Skynner: *One Flesh: Separate Persons*. Stan Ruscynski (*Books reconsidered*) 868–870
- Marital quality.** Modes of relating, marital quality and depression. John Birtchnell 648–657

Supplement 10, Volume 158

PART I. SUBJECTS

Adolescence

- Adolescence and promiscuity: psychopathology. Estela V. Welldon 88–89
 Services. Fiona Subotsky 18–19
Alcohol. Alcohol and drug-misuse among women – an overview. Edna Oppenheimer 36–44
Anxiety. 'Biological clock' and 'success anxiety'. Estela V. Welldon 89–90
Autonomy and reproduction. Ethical issues. Carol C. Nadelson 12–14

- Carers of dementia sufferers.** Gender differences. Robin G. Morris *et al* 69–74

Childhood

- Adult sequelae of sexual abuse. Carol Sheldrick 55–62
 Services. Fiona Subotsky 18
 Sexual abuse, disordered personality and eating disorders. L. McClelland *et al* 63–68
Crime. Women as perpetrators and victims. A sociological perspective. Frances M. Heidensohn 50–54

- Dementia.** Gender differences in carers. Robin G. Morris *et al* 69–74

- Depression.** Depression in women. E. S. Paykel 22–29

Doctors

- Conflicting roles. Carol C. Nadelson 10–11
 Sexual interactions. Carol C. Nadelson 14–15

Drugs

- Alcohol and drug misuse – an overview. Edna Oppenheimer 36–44
 Psychotropic-drug prescribing. Heather Ashton 30–35

Eating disorders

- Bulimia, anorexia and self-mutilation. Estela V. Welldon 88–89
 Sexual abuse and disordered personality. L. McClelland *et al* 63–68

- Editors' introduction.** Lyn Pilowsky *et al* 7–8

Epidemiology

- Depression. E. S. Paykel 25–26
 Use of tranquillisers. Heather Ashton 31

- Ethics.** Emerging issues. Carol C. Nadelson 9–16

Gender differences *see* Sex differences

- Help-seeking behaviour.** Depression. E. S. Paykel 23

- HIV infection.** Risks. Edna Oppenheimer 40

- Informed consent.** Doctor – patient relationship. Carol C. Nadelson 11–12

- Introduction.** Editors' introduction. Lyn Pilowsky *et al* 7–8

- Life stress and post-partum psychosis.** A preliminary report. M. N. Marks *et al* 45–49

Long-term psychiatric patients

- Sex differences in service usage. Rachel E. Perkins and Len A. Rowland 75–79
 Where do people with long-term mental health problems live? A comparison of the sexes. Alison M. Conning and L. A. Rowland 80–84

- Marriage, sexual relationships and separation.** Services. Fiona Subotsky 19

- Medical ethics.** Emerging issues. Carol C. Nadelson 9–16

- Menstruation and fertility.** Service issues. Fiona Subotsky 19

- Mental health services.** Issues for women in mental health service development. Fiona Subotsky 17–21

- Middle age.** Service issues. Fiona Subotsky 19–20

Motherhood

- Psychology and psychopathology in women. Estela V. Welldon 90–91
 Services. Carol C. Nadelson 19

- Old age.** Services. Fiona Subotsky 20

- Paternalism.** Medical policies. Carol C. Nadelson 11–12

- Perpetrators and victims of crime.** A sociological perspective. Frances M. Heidensohn 50–54

- Personality disorders.** Sexual abuse and eating disorders. L. McClelland *et al* 63–68

Pregnancy and childbirth

- Alcohol and drug misuse. Edna Oppenheimer 39–40
 Psychology and psychopathology. Estela V. Welldon 87–88
 Services. Fiona Subotsky 19

- Promiscuity and prostitution.** Psychology and psychopathology in women. Estela V. Welldon 88–89

- Psychoanalysis.** Psychology and psychopathology in women. A psychoanalytic perspective. Estela V. Welldon 85–92

- Psychoses.** Life stress and post-partum psychosis. M. N. Marks *et al* 45–49

- Reproduction and autonomy.** Ethical issues. Carol C. Nadelson 12–14

Roles

- Doctors, patients and society. Carol C. Nadelson 10–11

- Gender differences in expectations of carers of dementia sufferers. Robin G. Morris *et al* 71–73

- Sequelae, adult.** Child sexual abuse. Carol Sheldrick 55–62
- Service usage.** Sex differences in long-term psychiatric care. Rachel E. Perkins and Len A. Rowland 75–79
- Sex differences**
- Carers of dementia sufferers. Robin G. Morris *et al* 69–74
- Depression. E. S. Paykel 22–23
- Perpetrators and victims of crime. A sociological perspective. Frances M. Heidensohn 50–54
- Psychotropic-drug prescribing. Heather Ashton 30–35
- Service usage in long-term psychiatric care. Rachel E. Perkins and Len A. Rowland 75–79
- Where do people with long-term mental health problems live? A comparison of the sexes. Alison M. Conning and L. A. Rowland 80–84
- Sexual abuse**
- Adult sequelae of child abuse. Carol Sheldrick 55–62
- Disordered personality and eating disorders. L. McClelland *et al* 63–68
- Sexual relationships**
- Doctors/patients. Carol C. Nadelson 14–15
- Marriage and separation: services. Fiona Subotsky 19
- Social factors**
- Causes of depression. E. S. Paykel 25
- Consequencies and antecedents of alcohol and drug misuse. Edna Oppenheimer 40–41
- Treatment and rehabilitation.** Alcohol and drug misuse. Edna Oppenheimer 41–43
- Victims of crime.** A sociological perspective. Frances M. Heidensohn 50–54
