Congressional Fellowship Program

The Association has announced eight winners in the national competition for the 1977-78 Congressional Fellowship Program.

The winners—six political scientists and two journalists—will come to the Nation's Capital for a year of full-time work in the offices of Senators and members of the House of Representatives.

Each winner will receive a minimum stipend of \$7,500 for the year. The program is financed by foundation grants to the Association and services of the Fellows are free of charge to the Congressional offices in which they work.

Sponsored by the Association since 1953, the purpose of the Congressional Fellowship Program is to give outstanding young academicians and political journalists an opportunity to further their knowledge of the national legislative process.
