### **ATTENTION AUTHORS**

The **Journal of Interamerican Studies and World Affairs** publishes articles that deal primarily with contemporary US-Latin American relations, US foreign policy regarding Latin America, Latin American nations' relations with each other and the rest of the world, and Latin American internal affairs when such have clear implications for US foreign policy. The editors also welcome from scholars and public figures worldwide articles about political, economic, cultural, and social aspects of Latin American Interrelationships.

This is a refereed journal. All submissions are sent to qualified reviewers to determine acceptance for publication.

Send manuscripts in duplicate to address below, typewritten and double spaced. Place footnotes, references, tables, and charts on separate pages following current **Journal** style.

Upon acceptance, you will be asked to provide all tables and charts accompanying the manuscript on computer disks (either IBM-compatible or Macintosh) in addition to two complete, double-spaced printouts of disk material. Tables, charts, maps or other graphic materials will not be used unless provided on computer disks and in a file that is separate from that of the text. Columns in tables and charts should use tabs instead of individual spacing. A brief biographical sketch of the author should accompany the final manuscript.

Correspondence regarding book reviews should be directed to the Book Review Editor at the **Journal of Interamerican Studies and World Affairs**, University of Miami, P.O. Box 284205, Coral Gables, FL, 33124-3027.

NEW RELEASE

# Security, Democracy, and Development in U.S.-Latin American Relations

*Lars Schoultz, William C. Smith, and Augusto Varas,  
editors (300 pp; ISBN 1-56000-760-5; 1994) \$22.95*

The very concept of "Latin America" is undergoing a redefinition, as the economies of the United States, Canada, Mexico, and some of the Caribbean Basin nations are becoming integrated into a wider North American economic system. This "post-Latin America" might well be characterized by several subregional systems, with sharply differing economic, political, and strategic potentials and levels of influence in the emerging world system.

Nowhere is the situation more fluid, and nowhere are the possibilities for constructive change more promising than in the balancing of security, democracy, and development needs in the region. Leading experts on inter-American security issues from the United States and Latin America explore the impact of global changes on the Western Hemisphere.
