

Talking it Through

Puzzles of American Democracy

ROBERT W. BENNETT

"Robert Bennett offers a provocative view of American democracy as a method of involving citizens in conversation. His perspective sheds light on some familiar puzzles, and some previously ignored ones."—Mark Tushnet, Georgetown University Law Center. \$29.95

Domestic Violence and the Politics of Privacy

KRISTIN A. KELLY

"[This book] is a valuable contribution to work on public-private distinctions and feminist theorizing, with a focus on issues that are rooted in private realms of domesticity, intimate relationships, and the family."—Patricia Boling, Purdue University. 1 line drawing, 4 tables. \$39.95 cloth, \$16.95 paper

Justice Contained

Law and Politics in the European Union

LISA CONANT

"*Justice Contained* is an important contribution to our understanding of how policy change in the 'New Europe' actually comes about. Lisa Conant analyzes the substantive impact of European Court of Justice decisions by examining broad political contexts . . . and thereby helps explain why some Court decisions have a great deal of impact while others have much less."—Alberta M. Sbragia, Director, European Union Center at the Center for West European Studies. 2 line figures, 22 tables. \$39.95

Looking Back at Law's Century

EDITED BY AUSTIN SARAT,
BRYANT GARTH AND ROBERT A. KAGAN

This book describes a century of tremendous legal change, of inspiring legal developments, and profound failures.

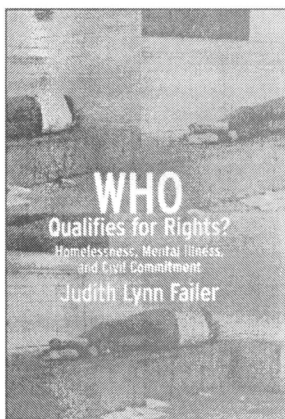

"*Looking Back at Law's Century* is noteworthy because of the important contributions made by major thinkers approaching law from a wide variety of disciplinary perspectives. This is an outstanding collection."—Paul Schiff Berman, University of Connecticut School of Law. 14 charts/graphs. \$45.00

Law's Interior

Legal and Literary Constructions of the Self

KEVIN M. CROTTY

"In this cautionary note to Legal Realism, Crotty reminds us that law is not just something that governments do. Instead, it is a characteristic human activity and, as such, a part of the way that people think of themselves."—*The Law and Politics Book Review*. \$32.50

Who Qualifies for Rights?

*Homelessness, Mental Illness,
and Civil Commitment*

JUDITH LYNN FAILER

"Judith Lynn Failer challenges us to reflect more deeply than we often do about the homeless mentally ill, and especially about the use of civil commitment to remove such people from the streets."—Joseph H. Carens, University of Toronto. \$29.95

Supreme Court Economic Review is a unique interdisciplinary series that applies economic and legal scholarship to the work of the Supreme Court of the United States. Contributors provide an economic analysis of the events that generated the Court's cases, its functioning as an organization, the reasoning the Court employs in reaching its decisions, and the impact these verdicts have on society. Hoping to stimulate interest in the economic dimension of the Supreme Court and to explore solutions to the complex problems it addresses, *SCER* delves far into truly merging law and economics. Its focus on the Supreme Court makes *SCER* an outlet for law and economics analysis that is not available elsewhere.

A COMMUNITY BUILT ON WORDS

The Constitution in History and Politics

H. Jefferson Powell

"H. Jefferson Powell is one of the few constitutional scholars who takes seriously the wealth of extrajudicial interpretation of the Constitution. In his most ambitious effort to date, Powell presents a coherent picture of the Constitution as a living and meaningful guide to the limits of governmental action. *A Community Built on Words* is a resourceful, learned, and surefooted book that is a joy to read."—David P. Currie, author of *The Constitution in Congress*

TOWARD A JUST WORLD

The Critical Years in the Search for International Justice

Dorothy V. Jones

"A vivid and compelling counter-narrative to the conventional account of twentieth-century power politics. Jones tells the story of the development of an idea: that reason can be brought to bear on the struggle for power and peace among nations. *Toward a Just World* introduces us to the previously neglected, unsung heroes of modern diplomacy. Read this book and meet the extraordinary men and women who responded to mass murder, genocide and political unrest to build new institutions—institutions designed to promote the peaceful resolution of conflict as well as the rights and dignity of every human person."—Joel H. Rosenthal, Carnegie Council on Ethics and International Affairs

REFUSING CARE

Forced Treatment and the Rights of the Mentally Ill

Elyn R. Saks

"In this very original book, Professor Saks makes the best case to date for a libertarian approach to the imposition of treatment on people with mental illness. The first two chapters' exegesis on mental illness as a legal construct is the most highly nuanced in the literature, and Saks's work on competency, which permeates the book, is pathbreaking. She takes on the most pressing issues in 'civil' mental health law and ethics, and will likely provoke a new round of debate about the appropriate scope of government and professional power over people with mental illness. *Refusing Care* is articulate, engaging, and long overdue."—Christopher Slogobin, Levin College of Law, University of Florida

THE CULTURE OF CONTROL

Crime and Social Order in Contemporary Society

David Garland

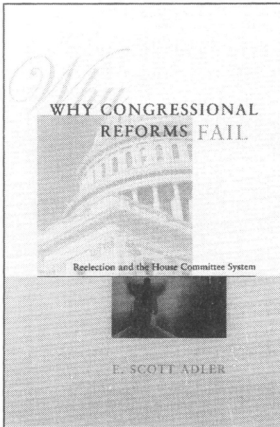

"This work serves as both a history of crime control policy debates as set in and shaped by the historical moments of the late twentieth century and a treatise on explanation and critique in socio-legal research; as such it should interest a wide array of scholars and command an important position in the field. . . . Goes far toward debunking more simplistic accounts for the rise of the sometimes bizarre new world of crime control that marks our time."—John Gilliom, *Law and Politics Book Review*

WHY CONGRESSIONAL REFORMS FAIL

Reelection and the House Committee System

E. Scott Adler

“Over the past few decades congressional scholars have identified what they believe to be fundamental changes in the nature of the House. It has become, in their view, much more partisan and much more ideological. *Why Congressional Reforms Fail* by Scott Adler argues instead that the high level of partisanship currently characterizing the House may have changed the reasons why committee reforms are resisted, but has in no way weakened that resistance.”—D. THE INTERNATIONALIZATION OF PALACE WARS

Lawyers, Economists, and the Contest to Transform Latin American States

Yves Dezalay and Bryant G. Garth

“An extraordinary book. A major contribution, it is original yet connected in multiple ways to several new research concerns and debates about law and globalization, the nature of the state today given globalization, and the formation of transnational elites.”—Saskia Sassen, author of *The Global City: New York, London, Tokyo*

Journal of **INDIVIDUAL EMPLOYMENT RIGHTS**

editor, CHARLES J. COLEMAN
associate editor, THEODORA T. HAYNES
manuscript editor, CLAIRE MEIROWITZ

editorial intent

One of the most rapidly evolving areas of employment law is that of individual employment rights. Employees are asserting newly found rights against their employers arising out of at-will employment erosion, binding commitments present in handbooks and employment policies, public policy violations, privacy intrusions, and so forth.

Individual employment rights is an area of employment law that has no clearly defined boundaries. The sources of these rights include federal and state constitutions, a multitude of employment statutes, and the common law. Its subject matter is equally varied, including such diverse matters as record keeping and disclosure, health and safety, fair employment practices, alcohol and drug abuse, AIDS, medical screening, employee surveillance, wage and hour standards, union-management relations, employment contracts, dispute resolution, etc.

The *Journal of Individual Employment Rights* is a peer-referred journal and its intent is to serve as a central source for addressing and researching these newly asserted rights as they are debated and developed by courts, academicians, legal practitioners, and human resource professionals. Its emphasis is on the theoretical as well as the practical by serving as a forum for the interchange of ideas and information for all individuals concerned with this developing area.

PUNITIVE DAMAGES

How Juries Decide

Cass R. Sunstein, Reid Hastie, John W. Payne, David A. Schkade, and W. Kip Viscusi

"*Punitive Damages* pulls together a series of important empirical findings and situates them within a policy and methodological framework. It is accessible to nonspecialists and will certainly appeal to academics interested in jury behavior, as well as policymakers considering the issue of punitive damages reform."—Christine M. Jolls, Harvard Law School

SMOKE-FILLED ROOMS

A Postmortem on the Tobacco Deal

W. Kip Viscusi

"Kip Viscusi argues that the nationwide [tobacco] settlement has proved an undeserved bonanza for the lawyers and a tax on the smokers used to fund the settlement. He raises fundamental questions of legal process by challenging the propriety of levying a large tax behind the scenes outside the political arena. He raises equally troublesome questions of social policy, by showing that the same states that vilified the industry to obtain their lavish settlements will collect their money only by keeping the industry alive. One can be thoroughly persuaded of the dangers of smoking and still be won by Viscusi's trenchant attack on the means and ends of the tobacco deal."—Richard Epstein, author of *Principles for a Free Society*

THE GAY RIGHTS QUESTION IN CONTEMPORARY AMERICAN LAW

Andrew Koppelman

"Andrew Koppelman is the academy's most distinguished defender of the view that discrimination against gays and lesbians violates our society's norms against sex discrimination. This book spells out the implications of his theory in lucid detail. The result is a careful, articulate, and fair-minded discussion of gay rights that people of all political persuasions can learn from."—Jack M.
