# Journal of French Language Studies

JFLS publishes in English or in French, high quality work, both theoretical and descriptive, on all aspects of French language and linguistics (phonology, morphology, syntax, lexis) including applied linguistics, sociolinguistics and variation studies (discourse, textual and pragmatic studies). Most work is synchronic in orientation, but historical and comparative items are welcome. Studies of the acquisition of the French language, where these take due account of current theory in linguistics and applied linguistics, fall fully within the remit of the journal.
