Pulpits, Politics and Public Order in England, 1760–1832

ROBERT HOLE

Religion and politics have always maintained a close, but turbulent relationship. This new book examines the ways in which the social upheaval of the years 1760–1832 affected Christian political beliefs and how the church was used as a means of maintaining public order and control during a time of great unrest.

The Europe of the Devout

The Catholic Reformation and the Foundation of a New Society

LOUIS CHATELLIER

Translated by **JEAN BIRRELL**

Louis Chatellier examines the religious and social changes that followed the Council of Trent in 1563. By examining the Marian Congregations as an example of lay devotion, he is able to describe the wider process of modernisation which was sweeping Europe.

Roman Canon Law in Reformation England

R. H. HELMHOLZ

Clearly and elegantly written this book draws on court records and the English common-law system to demonstrate the extent to which, contrary to received wisdom, Roman canon law survived in England after the upheavals of the Protestant Reformation.

Cambridge Studies in English Legal History

Between the Times

The Travail of the Protestant Establishment in America, 1900–1960

Edited by **WILLIAM R. HUTCHINSON**

Twelve historians discuss the nature of the Protestant establishment and its response to the pluralism of modern society. Contributions come both from inside the establishment and from impartial observers all of whom consider this period as of vital importance in the evolution of the church.

Religion and American Public Life

Lordship and the Urban Community

Durham and its Overlords, 1250–1540

MARGARET BONNEY

Though geographically removed from the centre of power in medieval times, Durham had great strategic and ecclesiastical importance. Margaret Bonney traces the city's development and three aspects of the relationship between the townsmen and their overlords: finance, the economy and law and order.
