“Dr. Barnet’s Signet Shakespeare offers all the attractions of a crisp, new format, clear type, with incisive annotations of the famous plays for the general reader. For students in colleges and universities, his edition is almost a necessity. His introductions are both authoritative and informative. These are followed at the end of the plays by quotations from Shakespeare’s sources as well as Shakespearean commentaries from well-known critics. All this should provide a lively and perhaps revealing classroom discussion.”

—HORACE GREGORY
