Overviewing the findings: the Technical Panel Review of the Pension Insurance Modeling System – ERRATUM

OLIVIA S. MITCHELL

doi: 10.1017/S147474721400047X, Published by Cambridge University Press, 30
December 2014

Please note that several of the citations and references in the original article were incorrect; they referred to an earlier version of each paper.

The citations should have appeared with following dates:

Novy-Marx (2015), Maurer (2015), Lucas (2015), Geczy (2015), Fabozzi (2015) and
Babbel (2015)

And the correct references are as follows:

- Babbel, D. (2015). Evaluating pension insurance pricing. *Journal of Pension Economics and Finance* **14**(2): 186–201.
- Fabozzi, F. (2015). Measuring and explaining pension system risk. *Journal of Pension Economics and Finance* **14**(2): 161–171.
- Geczy, C. (2015). Financial market assumptions and pension plan models: a comment on PIMS model asset markets assumptions. *Journal of Pension Economics and Finance* **14**(2): 127–143.
- Lucas, D. (2015). Joint risk of DB pension underfunding and sponsor termination: incorporating option-based projections and valuations into PIMS. *Journal of Pension Economics and Finance* **14**(2): 172–185.
- Maurer, R. (2015). Integrated risk management for defined benefit pensions: models and metrics. *Journal of Pension Economics and Finance* **14**(2): 151–160.
- Novy-Marx, R. (2015). Economic and financial approaches to valuing pension liabilities. *Journal of Pension Economics and Finance* **14**(2): 144–150.

The error has been rectified in the print version and in the online PDF and HTML versions.
