

# PREHISTORY PRESS

1705 Jefferson Street  
Madison, Wisconsin 53711-2109  
(608) 258-8454

Prehistory Press is a new publishing house specializing in data-oriented archaeological monographs. The press is a private concern that will make a contribution to archaeology by creating an international series concentrating on conference proceedings, symposia, site reports, significant dissertations, and methodological issues.

Manuscripts will be accepted from all time periods and geographic areas. Interdisciplinary contributors within the area of Quaternary Studies are encouraged to contact the press. In addition to English, articles in French, German, and Spanish that form part of a volume will be accepted. Manuscripts are now being solicited. All manuscripts will be reviewed.

Available in April, 1991, the first volume of the new series will be *Maya Stone Tools: Selected Papers of the Second Conference on Maya Lithics*, edited by Thomas R. Hester and Harry J. Shafer. Please call or write for more information.

## *The* REVIEW

*The Review of Archaeology* publishes comprehensive reviews of basic contemporary literature in archaeology and related sciences. These articles are written by members of the panel of Contributing Editors as well as by distinguished guest reviewers. Their aim is to examine critically the many kinds of records that affect the conduct of archaeology and the interpretation of prehistory.

# Reading the Isotopic Clocks.

**Y**our research in age determination and stable isotopes requires reliable data and custom service. Teledyne Isotopes has the expertise and experience to meet these requirements.

We have been pioneers in the industry since 1955 and are the only commercial laboratory that offers all major age determination techniques.

We can assure you of reliable data because of well-staffed and well-equipped labs, intercalibration with major universities and government facilities, and through use of N.B.S. and international standards.

For the most reliable reading of the isotopic clocks, come to the experts.

**SOCIETY FOR AMERICAN ARCHAEOLOGY  
CALL FOR NOMINATIONS AND PROSPECTIVE EDITORS  
SOCIETY ELECTIONS AND EDITORIAL APPOINTMENTS 1992**

Please note that editors for *American Antiquity* and *Latin American Antiquity* are not being elected in 1992, but under the new Society bylaws will be selected by the executive board on the basis of submitted proposals. Interested parties should contact Jerome A. Miller, Society for American Archaeology, 808 17th St., N.W., Suite 200, Washington, DC 20006, to obtain a copy of the request for proposal.

The Society for American Archaeology (SAA) will hold its 1992 annual elections for the following offices:

President-elect (1 year), who succeeds to the office of President for a 2-year term (1993–1995).

Secretary-elect (1 year), who succeeds to the office of Secretary for a 2-year term (1993–1995).

Executive Board, Place 3—3-year term (1992–1995).

Executive Board, Place 4—3-year term (1992–1995).

Please note that the chairperson of the nominating committee for the 1992 elections is now Don D. Fowler, Department of Anthropology (096), University of Nevada, Reno, NV 89557-0006. The other members are Alison S. Brooks, Department of Anthropology, George Washington University, Washington, DC 20052; Ruthann Knudson, Archeological Assistance Division (436), National Park Service, USDI, P.O. Box 37127, Washington, DC 20013-7127; Ann Ramenofsky, Department of Anthropology, University of New Mexico, Albuquerque, NM 87131; Barbara L. Stark, Department of Anthropology, Arizona State University, Tempe, AZ 85287-2402. The executive board nominating committee liaison is Robert L. Bettinger, Department of Anthropology, University of California, Davis, CA 95616-8522.

The 1992 elections will be held in March–April 1992, but nominations are to be presented to the SAA Executive Board at their November, 1991, semiannual meeting. In order to avoid initiating a call for nominations during the summer field season, such a call is first presented here. This is a particularly critical election since these officers and board members will be responsible for leading the Society through the planned transition from a contracted executive service to a full-time executive office. SAA members are urged to suggest to any member of the committee names of candidates for the offices listed above by October 1, 1991.

**DISTINGUISHED SERVICE AWARD NOMINATIONS SOLICITED**

The Distinguished Service Award, established by the Society for American Archaeology, is presented annually to a member for specific accomplishments of extraordinary quality. Recognition can be granted in a wide range of areas relating to archaeology, including, for example, teaching (academic as well as public education), research (theory, method, application of new technology, analysis, etc.), and conservation of archaeological data (curatorial, legal, managerial), as long as two basic criteria are met. First, the contribution must be truly extraordinary in nature (not expected in the normal course of events) and must be recognized widely as such, and second, it must be of a positive and lasting quality.

The Society is accepting nominations from members for the 1992 award, which will be presented at the annual meeting in April 1992, in Pittsburgh, Pennsylvania. Each recommendation should be supported by a statement documenting concisely and thoroughly the achievements of the nominee. The deadline for nominations is December 1, 1991. Please mail to Dr. T. Douglas Price, Department of Anthropology, 5240 Social Sciences, University of Wisconsin, Madison, WI 53706. Phone: (608) 262-2575. Bitnet: TDPRICE@WISCMACC.

**SOCIETY FOR AMERICAN ARCHAEOLOGY  
DOCTORAL DISSERTATION PRIZE**

The Society for American Archaeology (SAA) announces the competition for its 1992 Doctoral Dissertation Prize. The prize is lifetime membership in the SAA and is awarded to an individual whose doctoral dissertation is judged outstanding and important. Nominees must have defended their dissertations and received their Ph.D. degrees within three years prior to September 13, 1991. It is not necessary that a nominee already be a member of the SAA.

Members (other than student members) of the SAA are encouraged to nominate students whose dissertations they consider to represent outstanding scholarship and original contributions. At the time of nomination, nominees are to be informed of the fact. Based on the committee's evaluation of the nomination letter, the committee then will request that the nominee submit three (3) copies of the dissertation for the competition.

All letters of nomination must be received by September 13, 1991. Letters of nomination and inquiry should be addressed to: Janet E. Levy, SAA Dissertation Prize Committee, Department of Sociology, Anthropology, and Social Work, University of North Carolina—Charlotte, Charlotte, NC 28223. Bitnet: FS00JEL@UNCCVM.
