INTERNATIONAL INSTITUTE OF PARASITOLOGY

An Institute of CAB INTERNATIONAL

Journal of Helminthology

The *Journal of Helminthology* publishes papers and reviews on all aspects of pure and applied helminthology, particularly those helminth parasites of environmental health, medical or veterinary importance. For those wishing to contribute research papers, work on helminths in wildlife hosts including plant and insect parasites will also be welcome. Taxonomic contributions will be acceptable if they contribute to the systematics of a group and particularly if they employ biochemical or molecular biological techniques.
