The copies of the *Journal of Mental Science* are regularly sent by carrier, who in every case obtains a receipt of delivery, to the Ordinary and Honorary Members of the Association. Complaints of non-receipt of the JOURNAL should be sent to Messrs. ADLARD. Any change of address should be intimated to the General Secretary.

BOREATTON PARK.

Founded by the late W. H. O. SANKEY, M.D., F.R.C.P., for the reception of a limited number of ladies and gentlemen mentally afflicted, and now conducted on the same lines by his son, E. H. O. SANKEY, M.A., M B., B.C.Cantab.

The house, a first-class country Mansion, specially adapted for its purpose, stands about 400 ft. above the sea and commands magnificent views of Welsh mountain scenery.

The Gardens slope to the West and lead to the Deer Park, one of the oldest in the kingdom.

There is fishing both for trout and coarse fish in the pools in the Deer Park and the right of fishing in about 5 miles of the River Perry is leased.

There are Hot Houses and Orchard House.

Private Golf Course of 18 holes, Tennis Courts and Croquet Lawns.

So far as possible the patients of both sexes take their meals and associate at all times with the family of the Superintendent, the object being to make the house as much as possible like an ordinary country house.

Arrangements can be made for friends of the Patients to reside in the house should they desire to do so.

There is good stable accommodation, and Horses, Carriages and Motor are provided.

For further particulars apply--

Dr. SANKEY, Boreatton Park, Baschurch, Salop.

Mental or Physical Fatigue

A PARTIALLY PRE-DIGESTED MILK AND WHEATEN FOOD.

When brain or body is weary the digestive powers are weakened and distaste for ordinary food is often experienced. Under such circumstances the "ALLENBURYS" DIET is especially valuable. It is pleasant to take, easily digested and assimilated, and speedily restorative. Thus it helps the system to recover tone and vigour.

By the use of the "ALLENBURYS" DIET all trouble of peptonising milk and farinaceous foods is overcome. In the sick room it will be found extremely useful as the food is easily digested and assimilated, is quickly made, and only the exact quantity required need be prepared at a time.

The "ALLENBURYS" DIET is made from pure, rich milk and whole wheat, both ingredients being partially pre-digested during manufacture. It can be taken by those who cannot digest cow's milk, and provides a light and very nourishing diet for Invalids, Dyspeptics and the Aged.

For travellers by sea or land this complete food will be found exceedingly valuable.

Made in a minute. Add boiling water only.

A Sample with full particulars sent free on request.
