Instructions to Contributors

Address correspondence about contributions to the *Review* to Dina A. Zinnes, *American Political Science Review*, Department of Political Science, University of Illinois at Urbana-Champaign, Urbana, Illinois 61801. Please submit *five* copies of a manuscript to be considered for publication. *Unfortunately, due to increased postage costs, we can no longer return manuscripts to the author.* Manuscripts must be typed on one side of the paper only and mimeographed or photocopies, with all written material *double-spaced* (including quotations, references, and footnotes). Use standard typewriter paper—avoid colored and light-weight stock. The typewritten lines should not exceed 5½ or 6 inches in length. Please do not send the original typescript. Since manuscripts are sent out anonymously for evaluation, the author's name and affiliation should appear only on a separate covering sheet. An abstract of *less than 150 words* should accompany the manuscript. *APSR will not consider articles submitted to other publications.*

Beginning with the June 1983 issue, the reference form is that prescribed by the *Publication Manual of the American Psychological Association*, 2nd ed.; brief parenthetical references are included in the text and all sources are listed alphabetically at the end of the article. The work of classical authors such as Aristotle or Plato may be cited by the standardized code familiar to scholars in the field and passing allusions to such authors do not require mention in the list of references. Conventional foot-column notes are used only for explanatory comments or in unusual cases to avoid lengthy in-text references.

Articles that draw on survey data not documented through the Inter-University Consortium for Political and Social Research should include the following information in an appendix: (1) a description of the population sampled, including definition of the geographical area covered, and details about how the sample was drawn sufficient to permit fairly exact replication; (2) response rate (for quota designs, the number of refusals); (3) exact question wordings; and (4) interviewer characteristics.

Manuscripts over 30 pages will be reviewed with particular care to determine if such length is warranted. Those over 50 pages will be returned to the author. Resubmission may follow compliance with the page limit. Tables, charts, footnotes, and references will be included in the page count.

Figures should be professionally presented: use high-quality white paper and India ink for maximum sharpness and clarity of line. Copies only should accompany the submitted manuscript, original art work being retained until requested by the editorial office. Tables should be typed on separate pages, with guides, e.g., "Table 1 about here" at the proper places in the manuscript.

Communications must follow the form of regular manuscripts, including reference listings where appropriate. They must not exceed five double-spaced pages, including references, footnotes, and tables. All but the briefest letters will be refereed.

Book Reviews

Books intended for review and all book review correspondence should be sent to Seven Thomas Seitz, Book Review Editor, *American Political Science Review*, Department of Political Science, University of Illinois at Urbana-Champaign, Urbana, Illinois 61801. Authors are urged to call their books to the attention of the Book Review Editor to insure that the books will be considered for review. Those interested in reviewing books should submit a correct vita.
