

# The Procedural Aspects of International Law Series

## Volume I

### **International Claims: Their Adjudication by National Commissions**

by Richard B. Lillich. "One has to congratulate the author for this extremely thorough monograph. It is a comprehensive analysis of the very basic, and of a great many secondary, theoretical and practical aspects of this complicated problem."

—Dr. I. Soubbotitch, *Rutgers Law Review*

\$5.00

## Volume II

### **International Claims: Their Preparation and Presentation**

by Richard B. Lillich and Gordon A. Christenson. "Competent comprehensive treatment of the technical aspects of international claims practice has been overdue. With this handbook the vacuum has been filled admirably. . . . This book is essential."

—J. G. Laylin, *American Journal of International Law*

\$6.50

## Volume III

### **The Role of Domestic Courts in the International Legal Order**

by Richard A. Falk. "Refreshingly novel in approach, vital and immediate in its impact, and uncompromising in its assertion and defense of international legal tolerance for diverse political, social, and economic systems. This is an important book."

—K. R. Simmonds, *International and Comparative Law Quarterly*

\$6.50

## Volume IV

### **The Use of Experts by International Tribunals**

by Gillian White. "This is a study of outstanding quality, instructive of international law and of practical help to all those who have to do with the working of international tribunals."—J. E. S. Fawcett, *Cambridge Law Journal*

\$8.95

## Volume V

### **The Protection of Foreign Investment: Six Procedural Studies**

by Richard B. Lillich. "A most valuable addition to the literature on the protection of foreign investment and should be required reading for every lawyer who represents foreign investors."—V. C. Folsom, *Stanford Law Review*

\$7.50

## Volume VI

### **International Claims: Postwar British Practice**

by Richard B. Lillich. "Professor Lillich, who, by his earlier studies, has made a name for himself in the field of international claims, has now written what is likely to remain the definitive work on the Foreign Compensation Commission. . . . He is the only writer who has had access to the Commission's decisions and has had its practice expounded to him in the course of interviews with its officers. The practical merit of his work is indubitable."—*Law Quarterly Review*

# **Business Regulations in the Common Market Nations**

**Edited by Harlan M. BLAKE and JAMES RAHL**

This important, 4-volume set tells how to deal with government regulation of business operations in the common market.

The first three volumes comprise the definitive study of the restrictive business practice laws of the six member nations of the European Economic Community. An outstanding feature of each book is the care and thoroughness with which it was prepared; its depth, its authentic scholarship, and the scrupulous diligence with which its content was checked and counter-checked by outstanding scholars here and abroad.

Volume IV, taking full account of antitrust developments in the European Coal and Steel Community and the European Economic Community, will explore ways and means by which conflicts between U.S. laws and other nations may be minimized, duplications avoided, obstacles to trade and investment removed, and business interests relieved of uncertainties and unfair exposures.

Whether you are a lawyer counseling on European investment and on antitrust and restrictive business practice laws, a businessman who wants a firm understanding of the legal and business attitudes of Europe, an economist studying international trade, or a statesman or lawmaker, you will need this remarkable new 4-volume set.

Volume I will be published in March, 1969 and subsequent volumes will follow at approximately three month intervals.

**\$32.50 per volume, \$110 per 4 volume set.**

# THE ROAD FROM RUNNYMEDE MAGNA CARTA AND CONSTITUTIONALISM IN AMERICA

By A. E. DICK HOWARD, *Professor and Associate Dean, School of Law, University of Virginia*

*xv, 533 pp., illus., index. 6 × 9½. S.B.N. 8139-0122-7. L.C. 68-15941. \$10.00*

This is the first book to study in depth the legacy of Magna Carta in America. Professor Howard does not limit the scope of the material to the colonial, the Revolutionary, or the early national periods but traces the impact of Magna Carta and the chief themes of American constitutionalism through the centuries of American law and history to the present. He presents a kind of biography of the Charter and the ideas it stimulated.

"It is a scholarly contribution to the study of American constitutional law and of the lasting significance of Magna Carta in the world today."—Parker of Waddington, Lord Chief Justice of England

## **TRADE AGREEMENTS FOR DEVELOPING COUNTRIES**

Gilbert P. Verbit

This book, developed under the auspices of Professor Wolfgang Friedmann's Program of International Legal Studies in the School of Law, Columbia University, points up the problems and procedures of negotiating trade agreements with highly industrialized nations by nations that are underdeveloped. The book will be of especial interest to officials and economists of underdeveloped nations working directly in governmental ministries and those members of the national missions to the United Nations fostering trade between developed and underdeveloped countries. **\$8.50**
