DEUTSCHE BIOGRAPHISCHE ENZYKLOPÄDIE (DBE)  
DICTIONARY OF GERMAN NATIONAL BIOGRAPHY

*Editor in Chief Walther Killy*

The **Dictionary of German National Biography**, published in ten volumes, will, by its completion in 1998, provide information in a single alphabetical sequence on some 60,000 significant personalities from across the whole German-speaking region, from the early days of written documentation up to the present.

Upon its completion, no other German-language work will be able to match the **Dictionary of German National Biography** as an extensive, precise biographical information resource.

The **Dictionary of German National Biography** represents a gainful and far-sighted purchase for public and academic libraries, for historical institutes, schools, colleges and universities and for the interested layman.
