

INDEX OF AUTHORS

	PAGE
ADAIR, MURIEL E. and HAMILTON, JOHN. The specificity of antisera against crystalline serum albumin	170
ADAIR, MURIEL E., <i>see</i> GREAVES, R. I. N.	
BAKER, AUDREY Z., <i>see</i> WRIGHT, MARGARET D.	
BARTLEY, EILEEN O., <i>see</i> GRAHAM, N. C.	
BATTLE, JOAN, <i>see</i> KEOGH, E. V.	
BECK, A. The role of the spirochaete in the Wassermann reaction	298
BECK, A. and BUCKLE, D. F. Bacteriological findings in an epidemic of Sonne dysentery	311
BEDFORD, T. and WARNER, C. G. Subjective impressions of freshness in relation to environmental conditions	498
BERGER, F. M. and BRECHER, G. A slide agglutination test for the exclusion and diagnosis of typhoid fever	294
BRECHER, G., <i>see</i> BERGER, F. M.	
BUCKLE, D. F., <i>see</i> BECK, A.	
CANNY, ALAN J. and MARTIN, C. J. The influence of air movement and atmospheric conditions on the heat loss from a cylindrical moist body. (With 4 figures in the text)	60
CATHCART, E. P. and MURRAY, A. M. T. A note on the percentage loss of calories as waste on ordinary mixed diets	45
CHALLINOR, S. W. and RHODES, A. J. The value of the sodium dextro-tartrate fermentation test in the differentiation of <i>Salmonella</i> organisms	651
CHEESEMAN, E. A., MARTIN, W. J. and RUSSELL, W. T. Diphtheria. A suggested explanation of the relative change in age incidence	181
CHEESEMAN, E. A., <i>see</i> IRWIN, J. O.	
CLEGG, L. F. L. and SHERWOOD, H. P. Incubation at 44° C. as a test for faecal <i>coli</i> . With a Foreword by R. W. Dodgson. (With 3 figures in the text)	361
COULTHARD, C. E. A note upon the maintenance of cultures of <i>Bacterium typhosum</i> for testing by the Rideal-Walker method	268
CRUICKSHANK, J. C. Somatic and "X" agglutinins to the <i>Salmonella</i> group	224
DAVIS, J. G. and ROGERS, H. J. The reactions of streptococci and lactobacilli in blood agar. (With Plate VI and 1 figure in the text)	446
DAVSON, J. The incidence of quartz and sericite particles in siliceous residues in silicotic lungs. (With Plate III)	405
DE SMIDT, F. P. G. Laboratory notes on pneumonia in Kenya	563
DODGSON, R. W., <i>see</i> CLEGG, L. F. L.	
DRYSDALE, A. D., <i>see</i> KIRK, R.	
ERNST, J., <i>see</i> HENNINGSSEN, E. JÜEL	
FRENCH, JANE O. The sulphanilamide treatment of scarlet fever	581
GALLOWAY, I. A. Pituitary extracts and the virus of foot-and-mouth disease—the effect on the virus of certain chemical methods employed in their preparation	597

	PAGE
GAUNT, W. E., IRVING, J. T. and THOMSON, W. A long-term experiment with rats on a human dietary. II. Calcium and phosphorus depletion and replacement. (With 1 figure in the text)	91
GLOYNS, F. P., <i>see</i> PAGE, A. B. P.	
GRAHAM, N. C. and BARTLEY, EILEEN O. Some observations on the classification of enterococci	538
GRAHAM-SMITH, G. S. Further observations on the relation of the decline in the number of horse-drawn vehicles to the fall in the summer diarrhoea death-rate. (With 1 chart)	558
GREAVES, R. I. N. and ADAIR, MURIEL E. High-vacuum condensation drying of proteins from the frozen state. (With Plates IV and V and 12 text-figures)	413
GREENER, AVERIL W. Anthrax in mink (<i>Mustela vison</i>)	149
GREENWOOD, M., HILL, A. BRADFORD, TOPLEY, W. W. C. and WILSON, JOYCE. The effect of withdrawing mice from an infected herd at varying intervals. (With 1 figure in the text)	109
GRIFFITH, A. STANLEY. The susceptibility of the golden hamster (<i>Cricetus auratus</i>) to bovine, human and avian tubercle bacilli and to the vole strain of acid-fast bacillus (Wells). Histological investigations by W. Pagel. (With Plate I, containing figures 1-9)	154
GRIFFITH, A. STANLEY. The relative susceptibility of the field-vole to the bovine, human and avian types of tubercle bacilli and to the vole strain of acid-fast bacillus (Wells, 1937)	244
GUGGENHEIM, KARL. Investigation on the seasonal fluctuation of vitamin C excretion in Palestine. (With 4 figures in the text)	35
HALDANE, J. B. S. Sampling errors in the determination of bacterial or virus density by the dilution method	289
HAMILTON, JOHN, <i>see</i> ADAIR, MURIEL E.	
HENDERSON, R. G. and MCCLEAN, D. The immunity following intracutaneous and subcutaneous vaccination with elementary body suspensions of vaccinia	680
HENNINGSEN, E. JUEL and ERNST, J. Milk epidemic of scarlet fever and angina, originating from a milkmaid with scarlatinal otitis media. (With 2 figures in the text)	51
HILL, A. BRADFORD, <i>see</i> GREENWOOD, M.	
HORGAN, E. S. and MANSOUR ALI HASEEB. Cross immunity experiments in monkeys between variola, alastrim and vaccinia	615
IRVING, J. T., <i>see</i> GAUNT, W. E.	
IRWIN, J. O. and CHEESEMAN, E. A. On an approximate method of determining the median effective dose and its error, in the case of a quantal response	574
KEOGH, E. V., MACDONALD, IAN, BATTLE, JOAN, SIMONS, R. T. and WILLIAMS, STANLEY. Some factors influencing the spread of scarlet fever in an institution	664
KERMACK, W. O. and MCKENDRICK, A. G. Contributions to the mathematical theory of epidemics. V. Analysis of experimental epidemics of mouse-typhoid; a bacterial disease conferring incomplete immunity. (With 5 figures in the text)	271
KIRK, R., MCKELVIE, A. R. and DRYSDALE, A. D. The Weil-Felix reaction in trachoma	553
KLIENEBERGER, EMMY. Studies on pleuropneumonia-like organisms: the L 4 organism as the cause of Woglom's "Pyogenic Virus". (With Plate II)	260
LUBATTI, O. F., <i>see</i> PAGE, A. B. P.	
LUDLAM, M., <i>see</i> RHODES, A. J.	
LYTH, R., <i>see</i> TWORT, J. M.	

	PAGE
MCCLEAN, D., <i>see</i> HENDERSON, R. G.	
MACDONALD, IAN, <i>see</i> KEOGH, E. V.	
McKELVIE, A. R., <i>see</i> KIRK, R.	
MCKENDRICK, A. G., <i>see</i> KERMACK, W. O.	
MANSOUR ALI HASEEB, <i>see</i> HORGAN, E. S.	
MARTIN, ARCHER JOHN PORTER and MOORE, THOMAS. Some effects of prolonged vitamin E deficiency in the rat (With Plate VIII)	643
MARTIN, C. J., <i>see</i> CANNY, ALAN J.	
MARTIN, W. J., <i>see</i> CHEESEMAN, E. A.	
MOORE, THOMAS, <i>see</i> MARTIN, ARCHER JOHN PORTER.	
MURRAY, A. M. T., <i>see</i> CATHCART, E. P.	
MYERS, G. NORMAN. The effects of morphine, diacetylmorphine and some related alkaloids upon the alimentary tract. I. Stomach and pylorus. (With 7 figures in the text)	375
MYERS, G. NORMAN. The effects of morphine, diacetylmorphine and some related alkaloids upon the alimentary tract. II. Small intestine and ileo-colic sphincter. (With 6 figures in the text)	391
MYERS, G. NORMAN. The effects of morphine, diacetylmorphine and some related alkaloids upon the alimentary tract. III. Caecum and colon. (With 8 figures in the text)	512
MYERS, G. NORMAN. A method of testing the stability of finely divided emulsions of oils and fats, with reference to the value of yolk of egg, and decoctum chondri as emulsifying agents	529
MYERS, G. NORMAN. The influence of emulsions of olive oil upon the biological actions of alkaloids	705
NABIH, M. S. <i>Bacterium paratyphosum</i> C as a cause of enteric fever in Egypt	143
PAGE, A. B. P., LUBATTI, O. F. and GLOYNS, F. P. The ventilation of houses after fumigation with hydrogen cyanide. (With 5 figures in the text)	12
PAGEL, W., <i>see</i> GRIFFITH, A. STANLEY	
PULVERTAFT, R. J. V. and WALKER, J. W. The control of air-borne bacteria and fungus spores by means of aerosols	696
PARISH, H. J. Charles Cyril Okell, 1888-1939	217
RAINSFORD, S. G. Further studies on the sterilization of T.A.B.C. vaccine	131
RHODES, A. J., <i>see</i> CHALLINOR, S. W.	
RHODES, A. J. and LUDLAM, M. The significance of the occurrence of bacteriophage for dysentery bacilli in water supplies	658
ROBERTS, J. I. The relationship of field rodents to plague in Kenya	334
ROBERTS, J. I. Notes on typhus fevers in Kenya. (With 11 figures in the text)	345
ROBERTS, J. I. Rat and flea conditions in a rural endemic plague area in Kenya. (With 4 figures in the text)	355
ROGERS, H. J., <i>see</i> DAVIS, J. G.	
ROUX, D. J., <i>see</i> VAN DISHOECK, H. A. E.	
ROWLANDS, A. The udder as a possible source of coliform organisms in milk	454
RUSSELL, W. T., <i>see</i> CHEESEMAN, E. A.	
SHERWOOD, H. P., <i>see</i> CLEGG, L. F. L.	
SIMONS, R. T., <i>see</i> KEOGH, E. V.	
STUART, R. D. The occurrence of Weil's disease among miners in the west of Scotland	316
SYKES, GEORGE. The influence of germicides on the dehydrogenases of <i>Bact. coli</i> . I. The succinic acid dehydrogenase of <i>Bact. coli</i>	463

THOMSON, W., <i>see</i> GAUNT, W. E.	
TODD, E. W. The streptolysins of various groups and types of haemolytic streptococci; a serological investigation	1
TOPLEY, W. W. C., <i>see</i> GREENWOOD, M.	
TULLOCH, W. J. Observations concerning bacillary food infection in Dundee during the period 1923-38	324
TUXFORD, A. W. The estimation of physique and nutrition in children. (With 1 chart in the text)	203
TWORT, J. M. and LYTH, R. The concentration of carcinogenic materials in mineral oils by distillation processes	161
VAN DEN ENDE, M. Some observations on reversed anaphylaxis. (With Plate VII and 12 text-figures)	471
VAN DISHOCK, H. A. E. and ROUX, D. J. Sensitization to flour and flour illnesses amongst flour workers	674
VINCENT, D. F. Improvements in the globe thermometer. (With 2 figures in the text)	238
WALKER, J. W., <i>see</i> PULVERTAFT, R. J. V.	
WARNER, C. G., <i>see</i> BEDFORD, T.	
WARREN, JOEL, <i>see</i> WOGLOM, WILLIAM H.	
WILLIAMS, STANLEY, <i>see</i> KEOGH, E. V.	
WILSON, JOYCE, <i>see</i> GREENWOOD, M.	
WOGLOM, WILLIAM H. and WARREN, JOEL. The nature of a pyogenic filterable agent in the white rat	266
WRIGHT, MARGARET D. and BAKER, AUDREY Z. Vitamin B ₁ excretion on a varied intake	638
