

# JOURNAL of the AUSTRALIAN MATHEMATICAL SOCIETY

Series B — Applied Mathematics

Volume 38 Part 2  
OCTOBER 1996

<b>Global attractivity in time-delayed predator-prey systems</b> Yulin Cao and H. I. Freedman .....	149
<b>Oscillatory and asymptotic behavior of solutions of nonlinear neutral-type difference equations</b> John R. Graef, Agnes Miciano, Paul W. Spikes, P. Sundaram and E. Thandapani .....	163
<b>A maximum principle for optimal control for a class of controlled systems</b> Wensheng Xu .....	172
<b>Optimal control computation to account for eccentric movement</b> L. S. Jennings, K. H. Wong and K. L. Teo .....	182
<b>A comparative study of smoothing approximations</b> X. Q. Yang .....	194
<b>Generalized multi-peg Tower of Hanoi problem</b> A. A. K. Majumdar .....	201
<b>The fractional Fourier transform and the Wigner distribution</b> David Mustard .....	209
<b>A two-sided shooting method in computation of travelling combustion waves of a solid material</b> Andonowati .....	220
<b>Propagation relations for solutions of some higher order Cauchy problems</b> L. R. Bragg .....	229
<b>Withdrawal of layered fluid through a line sink in a porous medium</b> H. Zhang and G. C. Hocking .....	240
<b>Small Reynolds number flow between eccentric rotating cylinders with a permeable sleeve</b> L. D. Hird and P. F. Siew .....	255
<b>Fast solvers for finite difference approximations for the Stokes and Navier-Stokes equations</b> Dongho Shin and John C. Strikwerda .....	274

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 appears in two series, Series A (Pure Mathematics and Statistics) and Series B (Applied Mathematics). Series B is published in volumes comprising four quarterly parts. Information about Series A and other publications of the Society may be found on the inside back cover.

It is the editorial policy of Series B to accept papers in any field of applied mathematics and related mathematical sciences. Novel applications of mathematics in real situations are especially welcomed. All papers should include some indication of applicability, and an introduction that can be understood by non-specialist readers from the whole applied mathematical community.

#### Editor of the Journal, Series B

C. E. M. PEARCE, Applied Mathematics Department, The University of Adelaide, Australia, 5005.

#### Associate Editors

B. D. CRAVEN  
Department of Mathematics  
University of Melbourne  
Parkville Vic. 3052

A. EASTON  
Department of Mathematics  
Swinburne University of  
Technology  
PO Box 218  
Hawthorn Vic. 3122

J. F. HARPER  
Department of Mathematics  
Victoria University of  
Wellington  
PO Box 600  
Wellington, New Zealand

J. M. HILL  
Department of Mathematics  
University of Wollongong  
PO Box 1144  
Wollongong NSW 2500

C. A. HURST  
Department of Physics and  
Mathematical Physics  
The University of Adelaide  
Australia 5005

P. KLOEDEN  
Department of Computing  
and Mathematics  
Deakin University  
Geelong Vic. 3217

M. R. OSBORNE  
Program in Advanced  
Computation  
School of Mathematical  
Sciences  
Australian National University  
ACT 0200

P. K. POLLETT  
Department of Mathematics  
University of Queensland  
Qld 4072

S. M. SCOTT  
Department of Physics  
and Theoretical Physics  
Australian National University  
ACT 0200

K. L. TEO  
Department of Mathematics  
The University of Western  
Australia  
Nedlands WA 6009

W. W. WOOD  
Department of Mathematics  
University of Melbourne  
Parkville Vic. 3052

#### Assistant Editors

E. A. COUSINS, J. GAFFNEY and J. A. K. STOTT, Applied Mathematics Department, The University of Adelaide, Australia, 5005.

Manuscripts (three copies) for publication should be sent to the editor or to an appropriate associate editor at the address given above. Such action is a representation by the author that the manuscript has not been copyrighted or published, and that it is not being considered for publication elsewhere.

Authors are asked to read the section "Preparation of Manuscripts" on the outside cover.

Irrespective of the number of authors, 50 free offprints of each copy are provided; additional offprints may be ordered at the expense of the authors.

Excessive costs incurred by the Society through corrections to or withdrawal of articles may be charged to the authors concerned.

---

*Journal of the Australian Mathematical Society, Series B—Applied Mathematics* (ISSN 0334-2700) is published quarterly for A\$174 (Members A\$25) per annum by the Australian Mathematical Society, Mathematics Department, Australian National University, ACT 0200, Australia. Second class postage is paid at Ann Arbor, Michigan 48106, USA. Postmaster: Send address change notices to Dr A. Howe, Journal of the Australian Mathematical Society, Mathematics Department, Australian National University, ACT 0200, Australia.
