ACKNOWLEDGEMENTS

The organisers of the Conference, and the Editorial Board of the Journal, wish to thank Barclays Bank International Ltd for the very generous contribution which they have made towards the cost of this publication. Without this contribution it would not have been possible to publish all the material in its present form. The organisers would also like to thank the Bank of England for their contribution to the expenses of the Conference. The holding of the Conference was made possible by a grant from the School of Oriental and African Studies. The Director and staff of Cumberland Lodge, at which the Conference was held, did much to make the Conference a social and organisational success. The main administrative burden of the Conference was admirably and efficiently discharged by Miss Joan Oliver, of the School's staff.
