W. BODENHEIMER, L. HELLER, B. KIRSON and SH. YARIV. Organo-metallic clay complexes: Part II	145
P. S. KEELING. Some experiments on the low-temperature removal of carbonaceous material from clays	155
NOTES AND NEWS:	
O. GJEMS. A swelling clay mineral from the weathering horizon of podzols	159

TITLE PAGE AND INDEXES FOR VOL. 4

Owing to unforeseen delays it has not been possible to distribute the title page, table of contents and index for Vol. 4 along with this issue. These, however, are now well in hand and should be available along with No. 29.

Printed by A. Walker & Son, Ltd., 113 High Street, Calcutta.
