*Are you concerned with employment rights as an employee, employer, attorney, labor negotiator, academic, human resources professional, or student? If you are, the *Journal of Individual Employment Rights* is meant for you.*

Journal of
Individual Employment Rights
Kurt H. Decker, Esq. and Dr. Harry Kershen, Editors

Editorial Intent

One of the most rapidly evolving areas of employment law is that of individual employment rights. Employees are asserting newly found rights against their employers arising out of at-will employment erosion, binding commitments present in handbooks and employment policies, public policy violations, privacy intrusions, and so forth.

Individual employment rights is an area of employment law that has no clearly defined boundaries. The

sources of these rights include federal and state constitutions, a multitude of employment statutes, and the common law. Its subject matter is equally varied, including such diverse matters as record keeping and disclosure, health and safety, fair employment practices, alcohol and drug abuse, AIDS, medical screening, employee surveillance, wage and hour standards, union-management relations, employment contracts, dispute contracts, dispute resolution, etc.

The *Journal of Individual Employment Rights'* intent is to serve as a central source for addressing and researching these newly asserted rights as they are debated and developed by courts, academicians, legal practitioners, and human resource professionals. Its emphasis is on the theoretical as well as the practical by serving as a forum for the interchange of ideas and information for all individuals concerned with this developing area.
