A DICTIONARY  
OF  
PSYCHOLOGICAL MEDICINE

GIVING THE DEFINITION, ETYMOLOGY AND SYNONYMS OF THE  
TERMS USED IN MEDICAL PSYCHOLOGY

WITH THE

*SYMPTOMS, TREATMENT, AND PATHOLOGY OF INSANITY*

AND THE

*Law of Lunacy in Great Britain and Ireland.*

EDITED BY

D. HACK TUKE, M.D., LL.D.,

Examiner in Mental Physiology in the University of London; Lecturer on Psychological  
Medicine at the Charing Cross Hospital Medical School; co-Editor of "The Journal  
of Mental Science."

ASSISTED BY ONE HUNDRED AND TWENTY-SEVEN CONTRIBUTORS.

---

This Work, the first of the kind which has been attempted, aims at providing information, more or less systematic, in regard to the Definition, Etymology and Synonyms of the Terms used in Medical Psychology, with the Symptoms, Pathology and Treatment of the recognized Forms of Mental Disorder, together with an abstract of the Law of Lunacy in Great Britain and Ireland.

A large number of short Definitions of words have been introduced.

Articles of greater length treat of the most important subjects which fall under the head of Psychological Medicine.

The Philosophy of Mind is expounded in a separate Introductory Article, and is not lost sight of in the Shorter Definitions and other Articles; but it is to be borne in mind that the fundamental aim of the Dictionary is directed to Morbid Psychology, and not to Mental Science in its ordinary restricted sense.

An account is given of the methods of Psycho-Physical Research which have been introduced in recent times into Psychological Laboratories established in various Universities in Europe and in the United States; also of the results which have been reached in regard to the Reaction-time of Mental Phenomena.

The History of the Insane, and the reforms undertaken to ameliorate their condition in various countries of the world, have been fully given.

An important feature of the Dictionary is the introduction of Bibliographical References in connection with the most important subjects treated of in the Articles; and, in addition to these, a copious Bibliography of English works bearing upon Psychological Medicine will be found at the close of the Work.

Illustrations of the various types of Insanity are given, and in addition, Engravings intended to facilitate the understanding of other subjects described in the Dictionary.

Fourth Edition, 12 Plates (4 being Coloured), 8vo, 25s.

## MANUAL OF PSYCHOLOGICAL MEDICINE.

BY

J. C. BUCKNILL, M.D., F.R.S., and D. HACK TUKE, M.D., F.R.C.P.

"It is not too much to say that it is the best and most favourably known to the medical and legal professions, by both of whom it is quoted as the highest authority. It has acquired this enviable standing from the high reputation of its authors, from the correctness of the views and opinions expressed, and from its fulness. More than any work by English authors it deals with the subject of insanity in all its relations."—*Amer. Journ. of Insanity*.

London: J. & A. CHURCHILL, 11, New Burlington Street.

## A Treatise on Hygiene and Public Health.

EDITED BY

**THOMAS STEVENSON, M.D., F.R.C.P.,**

Lecturer on Chemistry and on Medical Jurisprudence at Guy's Hospital; and

**SHIRLEY F. MURPHY,**

Medical Officer of Health of the County of London; late Lecturer on Public Health at St. Mary's Hospital.

VOL. I. contains the following articles:--

AIR, by J. Lane Notter, M.A., M.D.  
WARMING AND VENTILATION, by W. N. Shaw, F.R.S.

METEOROLOGY, by G. J. Symons, F.R.S.  
INFLUENCE OF CLIMATE ON HEALTH, by C. Theodore Williams, M.A., M.D., F.R.C.P.

WATER, by Thos. Stevenson, M.D., F.R.C.P.

INFLUENCE OF SOIL ON HEALTH, by S. Monckton Copeman, M.A., M.D., D.P.H.

FOOD, by Sidney Martin, M.D., F.R.C.P.

INSPECTION OF MEAT, by E. W. Hope, M.D., D.Sc.

CLOTHING, by G. Vivian Poore, M.D., F.R.C.P.

PHYSICAL EDUCATION, by Frederick Treves, F.R.C.S.

BATHS, by W. Hale White, M.D., F.R.C.P.

THE DWELLING, by Gordon Smith, F.R.I.B.A., and Keith D. Young, F.R.I.B.A.

HOSPITAL HYGIENE, by H. G. Howse, M.S.

THE DISPOSAL OF REFUSE, by W. H. Corfield, M.A., M.D., and Louis C. Parkes, D.P.H.

OFFENSIVE AND NOXIOUS BUSINESSES, by T. Whiteside Hime, M.D.

SLAUGHTER-HOUSES AND THEIR ADMINISTRATION, by E. W. Hope, M.D., D.Sc.

*Vol. II., completing the work, is in preparation.*

LONDON: J. & A. CHURCHILL, 11, NEW BURLINGTON STREET.

*Now Ready, Third edition, with 13 Plates. Crown 8vo., 14s.*

## CLINICAL LECTURES ON MENTAL DISEASES.

By T. S. CLOUSTON, M.D., F.R.C.P. EDIN.,

Physician Superintendent of the Royal Edinburgh Asylum, Lecturer on Mental Diseases in the University of Edinburgh.

LONDON: J. & A. CHURCHILL, 11, NEW BURLINGTON STREET.

Now ready, twelfth edition, with 55 engravings. Crown 8vo, 15s.

## Taylor's Manual of Medical Jurisprudence.

Edited by THOMAS STEVENSON, M.D., F.R.C.P., Lecturer on Medical Jurisprudence, &c., at Guy's Hospital.

LONDON: J. & A. CHURCHILL, 11, New Burlington Street.

Now ready, with Portraits, 8vo, 5s.

## Prichard and Symonds in especial relation

TO MENTAL SCIENCE; with Chapters on Moral Insanity.

By D. HACK TUKE, M.D., LL.D., Examiner in Mental Physiology in the University of London.

LONDON: J. & A. CHURCHILL, 11, New Burlington Street.

Now ready, Second edition, with engravings, crown 8vo, 15s.

## A Manual of the Practice of Medicine.

By FREDERICK TAYLOR, M.D., F.R.C.P., Physician to, and Lecturer on Medicine at, Guy's Hospital.

LONDON: J. & A. CHURCHILL, 11, New Burlington Street.

## CONTENTS OF No. 160.—JANUARY, 1892.

### PART I.—ORIGINAL ARTICLES.

- B. W. Richardson, M.D.**—The Cerebro-Spinal Axis as a Thermal Centre and Water Power.  
**John Turner, M.B.**—Asymmetrical Conditions met with in the Faces of the Insane; with some Remarks on the Dissolution of Expression. (*Illustrated.*)  
**G. R. Wilson, M.B.**—The Diathesis of General Paralysis.  
**William Habgood, M.D.**—Lunacy in Norway, 1891.  
**J. A. Campbell, M.D.**—The Local Government Act of 1888: Its Probable Action on the Treatment of Insanity in England.  
**A. Wood Renton, Esq.**—Protection of Medical Men by the English Lunacy Law.  
**Dr. J. Carlyle Johnstone.**—Some Notes on the Use of Sulphonal as a Sedative and Hypnotic.  
**Clinical Notes and Cases.**—The Clinical History and Morbid Anatomy of a Case of Anterior Polymyositis with Peripheral Nerve Changes; by **F. St. John Bullen** (*Illustrated*).—Cases of Insanity in General Practice; by **A. H. Newth, M.D.**—Case of Rupture of the Left Ventricle of the Heart; by **John Bruce, M.B.**—Case of Rupture of the Heart occurring in a Melancholic; by **Vincent Nash, L.R.C.S.I.**
