

CORRIGENDUM

Cloudy with a chance of uncertainty: autoconversion rates forecasting via evidential regression from satellite data – CORRIGENDUM

Maria Carolina Novitasari , Johannes Quaas  and Miguel R. D. Rodrigues

Doi: <https://doi.org/10.1017/eds.2024.37> – Published online by Cambridge University Press, 2 January 2025.

Keywords: aerosol-cloud interaction; autoconversion rates; evidential regression; precipitation formation; uncertainty quantification

The authors regret the inclusion of an error in the above article. The citation “Novitasari et al., 2024, attached” should have read “Novitasari et al., 2024.”
