British Commonwealth Collections of Micro-Organisms

New editions have been published of the Directories of Collections and Lists of Species maintained in various parts of the Commonwealth. They are as follows:

United Kingdom, Ghana, and Trinidad. 12s. 6d. (*post 5d.*)

Canada. 9s. (*post 4d.*)

Australia. 8s. (*post 4d.*)

India. 6s. (*post 4d.*)

New Zealand. 3s. (*post 2d.*)

The Directories are published by Her Majesty's Stationery Office and may be obtained from the Government Bookshops in the United Kingdom, from the official sales agents in Australia, Canada, Ghana, India, New Zealand, and Trinidad; or through any bookseller.

Ticks, V

D. R. ARTHUR

The standard work of reference on the classification, structure and biology of ticks, originally planned by the late Professor G. H. F. Nuttall, is to be completed by Dr D. R. Arthur in three volumes. The first of the new volumes deals with the genera *Dermacentor*, *Anocentor*, *Cosmiomma*, *Boophilus*, and *Margaropus*, 4 plates; 510 text-figures. 60s. net

Aedes Aegypti (L.)

SIR RICKARD CHRISTOPHERS

A systematic account of all that is known of the life history, bionomics and structure of the yellow-fever mosquito, including much new information. The author has devoted a life-time of research to this insect; his book will be of interest to all who use it as a laboratory animal, as well as those who are concerned with its medical aspects. 752 pages; 86 text-figures; 50 tables. 75s. net

PARASITOLOGY is published in double issues twice a year. The numbers afterwards are issued in volumes each containing four numbers.

Papers for publication should be sent to Professor D. KEILIN, Molteno Institute, Downing Street, Cambridge. Other communications should be addressed to the University Press, Cambridge.

Papers forwarded to the Editors for publication are understood to be offered to *PARASITOLOGY* alone, unless the contrary is stated.

Contributors receive twenty-five copies of their papers free. Additional copies, not exceeding one hundred (except in special cases), may be had at cost price: these should be ordered when the final proof is returned.

The subscription price, payable in advance, is £5 net per volume, post-free (U.S.A. \$19.50), double numbers 55s. net, postage extra (U.S.A. \$10.50). Subscriptions may be sent to any Bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, N.W. 1.

Enquiries from the U.S.A. should be addressed to the American Branch of the Press at 32 East 57th Street, New York, 22.
