### Norman Gamble Research Fund of the Royal Society of Medicine

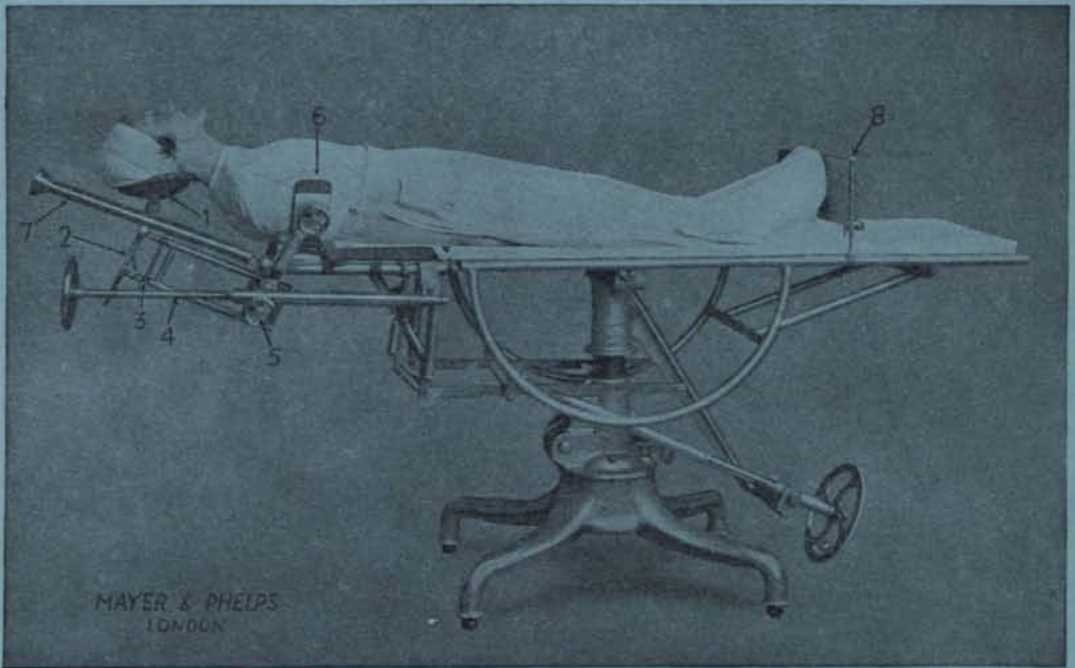

Applications from individuals (British subjects) for grants in aid of research in otology should be made to the Secretary of the Royal Society of Medicine, 1 Wimpole Street, London, W.1, not later than February 28th, 1939. Applicants should give full particulars of the work proposed.

# Peroral Endoscopy Table

Fitted with Head Rest for BRONCHOSCOPY, ŒSOPHAGOSCOPY,  
NASAL OPERATIONS Etc.

Designed by V. E. NEGUS, M.S., F.R.C.S.

MAYER & PHELPS  
LONDON

The head rest enables the operator himself to place the patient in the desired position for a variety of operations. All parts touched by the operator are sterilisable.

The apparatus is an elaboration of Haslinger's Bronchoscopic head rest, but its range of utility is extended to enable the patient to be supported with the shoulders beyond the end of the table for œsophagoscopy, and to be kept in the correct attitude during operations performed in the sitting or semi-sitting position.
