## Submitting a Proposal for a Themed Section

### Social Policy and Society

A Journal of the Social Policy Association

- 1** Prospective Guest Editor(s) of a Themed Section should, in the first instance, contact the Managing Co-Editors, Hugh Bochel and Catherine Bochel, by e-mail to [spseditors@lincoln.ac.uk](mailto:spseditors@lincoln.ac.uk) to outline their idea.
- 2** Following an initial discussion, a proposal for a Themed Section should be submitted in Microsoft Word format by e-mail to [spseditors@lincoln.ac.uk](mailto:spseditors@lincoln.ac.uk). This should include:
  - a** the envisaged title
  - b** the names and institutional affiliations of the proposed Guest Editor(s)
  - c** a brief outline of the rationale for the Themed Section
  - d** a list of contents (listing all of the contributors, the titles of each article and an abstract for each)
- 3** Proposals are then reviewed by the Editorial Board. Guest Editors whose proposals are subsequently accepted, will be invited to publish a Themed Section in the journal.
- 4** Themed Sections should contain the following:
  - a** An 'Introduction', usually written by the Guest Editor(s) providing a short introductory piece to the Themed Section
  - b** a set of peer reviewed articles - usually no more than six articles in total
  - c** a 'Review Article', which provides a selected review of the key literature
  - d** a short 'Some Useful Sources' guide to key sources in the area
- 5** The total word limit for an entire Themed Section is no more than 40,000 words. This is to include all tables, endnotes and bibliographies.
- 6** Each individual article must be no more than 5000 words in length and must conform to the Instructions for Contributors.
- 7** Upon acceptance of their proposal Guest Editor(s) will receive further detailed guidance from the Managing Co-Editors about their responsibilities e.g. the required refereeing process, production deadlines etc.

## Guidelines for Contributors

1. All contributions and correspondence should be sent to SP & S Administrator, School of Social and Political Sciences, College of Social Sciences, University of Lincoln, Brayford Pool, Lincoln, LN6 7TS, UK, email [spseditors@lincoln.ac.uk](mailto:spseditors@lincoln.ac.uk).
2. Articles should contain 5,000 words including endnotes, but excluding tables and bibliography. Word length **must** be stated.
3. Submission of an article is taken to imply that it has not previously been published, and has not been submitted for publication elsewhere. If an author is publishing a related article elsewhere, this fact should be stated. Authors of articles published in the journal assign copyright to Cambridge University Press (with certain rights reserved) and will receive a copyright assignment form for signature on acceptance of their paper. Contributors are responsible for obtaining permission to reproduce any material in which they do not own copyright, to be used in both print and electronic media, and for ensuring that the appropriate acknowledgements are included in their manuscript.
4. Contributions should be typed double-spaced with generous margins on A4 paper. Contributors should send an electronic copy of the manuscript formatted in Microsoft Word, text or rich text format, by electronic mail to [spseditors@lincoln.ac.uk](mailto:spseditors@lincoln.ac.uk). Mark your message in the subject box 'New article for SP & S'. Keep a copy of the typescript for correcting proofs. Papers should be anonymised, ready for sending to referees. All contributions should be accompanied by a detachable title page providing information about the word length, the position/s held by the author/s, full correspondence and email addresses and full details of any acknowledgements. Where papers have more than one author, the contact author should be clearly specified.
5. All contributions should be accompanied by an abstract of between 100 and 150 words, up to five key words and details of any acknowledgements.
6. Contributions should conform exactly to the *Social Policy and Society* style and authors should check the format of their own contribution with that of a recent issue of the journal (or seek advice from the Managing Editor and/or Guest Editor as appropriate) paying particular attention to references and tables. The full instructions for contributors are available from the journal's website: [journals.cambridge.org/sps](http://journals.cambridge.org/sps).
7. Discriminatory language should be avoided. Further guidance on avoiding sexist, racist and disablist or other inappropriate language is published by the British Sociological Association (BSA) — see [www.britisoc.co.uk/equality](http://www.britisoc.co.uk/equality). The editorial team are happy to advise authors on the most suitable terminology to use, particularly with respect to subjects not covered by the BSA guidelines, such as age.
8. The Harvard (author/date) system should be used and reference to page numbers in the text should be shown as follows: Maltby, 2002 :1 and not Maltby, 2002, p. 1. References to websites should contain the full URL and date the site was accessed, i.e. <http://www.social-policy.com> [accessed 04.11.2011].
9. Such notes as are essential should be referred to in numerical order throughout the text and the numbers shown as superscript. These notes should be endnotes rather than footnotes and should be placed after the body of the text and before the references.
10. Tables and figures should be clearly laid out and designed to fit onto a page 18 cm x 12 cm. Vertical lines between columns should be omitted, and horizontal lines limited to the top and bottom of the table, with an additional one below the column headings. Totals and percentages should be labelled, and units identified.
11. If an article is accepted for publication, first proofs will be sent to the contact author as an electronic link to a pdf document which the author downloads. Only typographical errors may be changed at proof stage. The publisher reserves the right to charge authors for corrections of non-typographical errors.
12. Paper offprints are not automatically supplied to authors. Upon publication the corresponding author will receive a pdf of their article. Paper offprints can be purchased by using the form supplied at proof stage.
