

## INDEX ACCORDING TO SUBJECTS

---

*[The numbers refer to pages.]*

- |                                       |                                                                                                                    |
|---------------------------------------|--------------------------------------------------------------------------------------------------------------------|
| <i>Algebra . . . . .</i>              | Aitken, A. C., 1 : Brahmachari, I., 41 : Wedderburn, J. H. M., 169 : Wintner, Aurel, 90 : Zia-ud-din, M., 43.      |
| <i>Functions, Theory of . . . . .</i> | Copson, E. T. and Ferrar, W. L., 159 : Hurt, J. T. and Ford, L. R., 82 : Phillips, E. G., 35 : Watson, G. N., 174. |
| <i>Geometry, Algebraic . . . . .</i>  | Brown, L. M., 125, 207 : Head, J. W., 14 : Richmond, H. W., 55, 155 : Todd, J. A., 117.                            |
| <i>Geometry, Riemannian . . . . .</i> | Davies, E. T., 202 : Haantjes, J., 103.                                                                            |
| <i>Groups, Theory of . . . . .</i>    | Todd, J. A. and Coxeter, H. S. M., 26.                                                                             |
| <i>Numbers, Theory of . . . . .</i>   | Bell, E. T., 171.                                                                                                  |
| <i>Relativity . . . . .</i>           | M'Crea, W. H., 211 : Robertson, H. P., 63 : Synge, J. L., 93.                                                      |
| <i>Series . . . . .</i>               | Hyslop, J. M., 46, 182 : Walsh, C. E., 151.                                                                        |
| <i>Statistics . . . . .</i>           | Aitken, A. C., 37.                                                                                                 |
-
