FORTHCOMING ISSUE

It is hoped to publish in the next issue of the *Proceedings of The Nutrition Society* reports of symposia on The Effect of Changes in Nutrition on the Host-parasite Relationship (20 July 1962), Assessment of Nutritional Status in Man (29 September 1962) and Fluoridation (6 October 1962) and abstracts of communications to be presented at the meeting for original communications on 1 December 1962.

CONTENTS OF VOLUME 21, No. 2, 1962

(All rights reserved)

SYMPOSIUM PROCEEDINGS

One Hundred and Forty-eighth Scientific Meeting

INDIVIDUAL VARIATION

| | PAGE |
|--|------|
| Nutritional individuality. By ELSIE M. WIDDOWSON | 121 |
| Normal variations in blood constituents. By I. D. P. WOOTTON | 129 |
| Individual variation in the lipid transport system. By ROBERT E. OLSON | 135 |
| Some aspects of physical and physiological individual variation. By ROBERT W. McCAMMON | 144 |
| Individual variations in energy expenditure and intake. By J. M. HARRIES, ELIZABETH ANNE HOBSON and DOROTHY F. HOLLINGSWORTH | 157 |
| Genetic variation in the nutrition of <i>Drosophila melanogaster</i> —some general inferences. By FORBES W. ROBERTSON | 169 |

One Hundred and Forty-ninth Scientific Meeting

THE SIGNIFICANCE OF SELENIUM AND VITAMIN E IN NUTRITION

| | |
|--|-----|
| The history of selenium-vitamin E interrelationships. By T. MOORE | 179 |
| Ubiquinone, plastoquinone and related substances. By M. McC. BARNES and R. A. MORTON | 186 |
| Metabolic effects of vitamin E and selenium. By J. GREEN | 196 |
| Muscular dystrophy in man: clinical aspects. By JOHN N. WALTON | 202 |
| Muscular dystrophy in man: biochemical aspects. By R. J. PENNINGTON | 206 |
| Muscular dystrophy in farm animals: its cause and prevention. By K. L. BLAXTER | 211 |

ABSTRACTS OF COMMUNICATIONS

One Hundred and Forty-seventh Scientific Meeting

| | |
|--|-------|
| Metabolites of riboflavin. By E. C. OWEN | xvii |
| Riboflavin in human milk. By E. C. OWEN and F. E. HYTTEN | xviii |
| The incidence of rickets and idiopathic hypercalcaemia in Dundee. By K. G. LOWE, R. G. MITCHELL, H. G. MORGAN, W. K. STEWART and J. THOMSON | xviii |
| The effect of selenium on lamb growth: co-operative experiments on Scottish farms. By K. L. BLAXTER | xix |
| The zinc contents of eggs of some inbred lines of Brown Leghorn fowls. By W. A. DEWAR | xix |
| Effect of diet on spontaneous atherosclerosis in turkeys. By A. N. HOWARD, G. A. GRESHAM and I. W. JENNINGS | xx |
| The digestibility of the carbohydrate constituents of S_{23} rye-grass cut at four stages of growth. By R. WAITE, M. J. JOHNSTON and D. G. ARMSTRONG | xxi |
| The voluntary food intake of steers and wether sheep. By K. L. BLAXTER and R. S. WILSON | xxii |
| The calcium and phosphorus content of milk from hill ewes. By J. DAVIDSON and I. McDONALD | xxiii |
| Digestion in the crop of the fowl. By W. BOLTON | xxiv |

One Hundred and Fiftieth Scientific Meeting

| | |
|---|---------|
| Arginine metabolism and nutrition in the chick. By G. H. SMITH and D. LEWIS | xxiv |
| Digestibility of fats and fatty acids in the pig. By H. S. BAYLEY and D. LEWIS | xxv |
| Digestible energy value of cereals to pigs. By D. W. ROBINSON and D. LEWIS | xxvi |
| Vitamin C supplement for suckling pigs. By R. S. BARBER, R. BRAUDE and PATRICIA COOKE | xxvii |
| Corticosteroid excretion in experimental protein-calorie deficiency in pigs. By PAMELA A. J. DURBIN and C. R. C. HEARD | xxviii |
| Differences in the blood of dogs due to diets of different protein value. By B. S. PLATT, C. R. C. HEARD, R. J. C. STEWART and H. A. AL-RABII | xxix |
| The chick embryo as a test organism for toxic substances in food. By B. S. PLATT, R. J. C. STEWART and S. R. GUPTA | xxx |
| The effect of the protein value of the diet on the toxicity of β -aminopropionitrile. By S. R. MORCOS and B. S. PLATT | xxxii |
| The effects on the newborn rat of force-feeding carbohydrate for 3 days during pregnancy. By K. HALDER and B. S. PLATT | xxxiii |
| The buccal mucosa in pigs in a protein-deficient diet with and without added carbohydrate. By B. T. SQUIRES | xxxiiii |

[Continued on p. iii of wrapper]
