The Farey Series of Order 1025
E. H. NEVILLE

The first volume in a new series of mathematical tables published for the Royal Society and continuing the well-known series of British Association Mathematical Tables for which the Royal Society is now responsible. A prospectus of the two series is available. £5. 5s. *net*

Operational Calculus based on the Two-sided Laplace Integral
BALTH. VAN DER POL & H. BREMMER

An attempt to give the operational calculus a rigorous mathematical basis and at the same time to give it such a form that it can be applied simply to practical problems in physics, mathematics, engineering and other technical fields.
