THE FOLLOWING caption was omitted from Appendix 2.
The existing caption should be replaced with:

APPENDIX 2—Comparison of the length, height, and height/length ratio of left and right valves between *Cythere ikeyanoriyukii* n. sp. and eight described *Cythere* species, using the Dunnett post-hoc test. The size data of the described species are from Hanai (1959), Okubo (1976), Tsukagoshi and Ikeya (1987) and Ikeya and Tsukagoshi (1988). Data for some described species were gained from measurements of figures in the following: Ishizaki (1966, 1968, 1969), Hanai (1970), Swain and Gilby (1974), Valentine (1976), Cronin (1981), Malz and Ikeya (1983), Ikeya et al. (1985), Ishizaki and Matoba (1985),

Hu (1986), Ikeya and Itoh (1991), Ikeya and Suzuki (1992), Brouwers (1990, 1994), Kamiya and Nakagawa (1993), Ozawa (1996), Irizuki et al. (1998), Tsukagoshi (1998), Yamane (1998), Irizuki et al. (2001), Kamiya et al. (2001), Yasuhara and Irizuki (2001), Sasaki et al. (2007). Abbreviations: (a) = *Cythere alveolivalva* Smith, 1952; (b) = *Cythere hanaii* Tsukagoshi and Ikeya, 1987; (c) = *Cythere lutea* Müller, 1785; (d) = *Cythere nishinipponica* Okubo, 1976; (e) = *Cythere omotenipponica* Hanai, 1959; (f) = *Cythere schornikovi* Ikeya and Tsukagoshi, 1988; (g) = *Cythere uranipponica* Hanai, 1959; (h) = *Cythere valentinei* Tsukagoshi and Ikeya, 1987. SD = standard deviation; n.s. = no significance; * = significance at 0.05%; ** = significance at 0.01%.
