## NOTES FOR CONTRIBUTORS

### **AIMS AND SCOPE**

*TRaNS* approaches the study of Southeast Asia by looking at the region as a place which is defined by its diverse and rapidly-changing social context, and as a place which resists conventional ideas of borders and boundedness. *TRaNS* invites studies of broadly defined trans-national, trans-regional and comparative perspectives. Case studies spanning more than two countries of Southeast Asia and its neighbouring countries/regions are particularly welcomed.
