

## GENERAL NOTES

ROYAL SOCIETY OF MEDICINE,

1 Wimpole Street, London, W.1.

*Section of Laryngology.* The next Meeting of the Section will be held on Friday, December 6th, at 5 p.m. A discussion upon "The Treatment of Acute Frontal Sinusitis" will be opened by Mr. F. Holt Diggle and Mr. T. E. Cawthorne.

*President:* L. Colledge, F.R.C.S., 2 Upper Wimpole Street, London, W.1.

*Honorary Secretaries:* F. C. Ormerod, F.R.C.S., 22 Upper Wimpole Street, London, W.1, and W. A. Mill, M.S., 89 Harley Street, London, W.1.

\* \* \*

*Section of Otology.* The next Meeting of the Section will be held on Friday, December 5th, at 10.30 a.m. A paper on "Unexpected Sequelae of Aural Operations" will be read by Mr. E. H. Richards and one on "The Facial Nerve and its Connections" by Mr. D. F. Durward.

*President:* H. A. Kisch, F.R.C.S., 15 Wimpole Street, London, W.1.

*Honorary Secretaries:* C. P. Wilson, F.R.C.S., 15 Upper Wimpole Street, London, W.1, and G. H. Howells, F.R.C.S., 79 Wimpole Street, London, W.1.

\* \* \*

We regret to say that Mr. Watkyn-Thomas and Mr. Negus are giving up their association with the *Journal* as Assistant Editors at the end of the year. For seven years they have given the most loyal help and advice and have earned the thanks of all our subscribers and readers and we are very sorry to lose them.

We have been very fortunate in securing the co-operation of Mr. W. M. Mollison, who will take over the editing of the Abstracts and we give him a most sincere welcome.

\* \* \*

The third International Oto-rhino-laryngological Congress will be held in Berlin on August 17th to 22nd, 1936, under the presidency of Professor Dr. Carl von Eicken. The general Secretary is Professor Dr. K. Vogel, 11 Luisenstrasse, Berlin, N.W.7, from whom all further information may be obtained. The following subjects have been selected for discussion: (1) Radio-therapy of Malignant Tumours of the Nose and Throat. (2) Electro-Auditory Apparatus for Aids to Hearing and for Examination of Hearing. (3) The Influence of Constitution on Disorders of the Ear, Nose and Throat.

# Peroral Endoscopy Table

Fitted with Head Rest for BRONCHOSCOPY, ŒSOPHAGOSCOPY,  
NASAL OPERATIONS Etc.

Designed by V. E. NEGUS, M.S., F.R.C.S.

The head rest enables the operator himself to place the patient in the desired position for a variety of operations. All parts touched by the operator are sterilisable.

The apparatus is an elaboration of Haslinger's Bronchoscopic head rest, but its range of utility is extended to enable the patient to be supported with the shoulders beyond the end of the table for œsophagoscopy, and to be kept in the correct attitude during operations performed in the sitting or semi-sitting position.
