Call for Papers

American Association for the History of Medicine
84th Annual Meeting
28 April to 1 May 2011

The American Association for the History of Medicine invites submissions in any area of medical history for its 84th annual meeting, to be held in Philadelphia, Pennsylvania, 28 April to 1 May 2011. The Association welcomes submissions on the history of health and healing; history of medical ideas, practices, and institutions; and histories of illness, disease, and public health. Submissions from all eras and regions of the world are welcome. In addition to single-paper proposals, the Program Committee accepts abstracts for sessions and for luncheon workshops. Please alert the Program Committee Chair if you are planning a session proposal. Individual papers for these submissions will be judged on their own merits.

Presentations are limited to 20 minutes. Individuals wishing to present a paper must attend the meeting. All papers must represent original work not already published or in press. Because the *Bulletin of the History of Medicine* is the official journal of the AAHM, the Association encourages speakers to make their manuscripts available for consideration by the *Bulletin*.

The AAHM uses an online abstract submissions system. We encourage all applicants to use this convenient software. A link for submissions will be posted to the website at <http://histmed.org>.

If you are unable to submit proposals online, send eight copies of a one-page abstract (350 words maximum) to the Program Committee Chair, Susan E Lederer [seleder@wisc.edu], Department of Medical History and Bioethics, University of Wisconsin School of Medicine and Public Health, 1300 University Ave., Madison, WI 53706, USA (tel.: (001) 608 262 4195).

When proposing a historical argument, state the major claim, summarize the evidence supporting the claim, and state the major conclusion(s). When proposing a narrative, summarize the story, identify the major agents, and specify the conflict. Please provide the following information on the same sheet as the abstract: name, preferred mailing address, work and home telephone numbers, e-mail address, present institutional affiliation, and academic degrees. Abstracts must be received by 15 September 2010. E-mailed or faxed proposals cannot be accepted.
