The Journal of Laryngology and Otology

(Founded in 1887 by MORELL MACKENZIE and NORRIS WOLFENDEN)

EDITED BY

A. LOGAN TURNER AND J. S. FRASER

ASSISTED BY

DOUGLAS GUTHRIE AND IRWIN MOORE

1. Original Articles are accepted on the condition that they have not been published elsewhere.

2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.

3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.

4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.

5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.

6. Editorial Communications should be addressed to "EDITORS, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."

7. The Annual Subscription is Forty Shillings or Ten Dollars, and is payable in advance.

8. Single copies of back numbers, both of the present and the previous series, are on sale at Four Shillings (One Dollar) each.

9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings (One Dollar) each.

The STERILIZED MILK CO. Ltd.

ESTABLISHED 1896

178 CULFORD ROAD, KINGSLAND, N. 1.

Telephone—No. 2078 Dalston.

Telegrams—Swallowing, Kinland, London

A CLEAN, SAFE AND CONVENIENT MILK SUPPLY

Delivered in Glass Bottles.

WARRANTED PURE WITH ALL ITS CREAM

and free from disease germs.

Suitable for all purposes. DELIVERED ONCE A WEEK

SOME OF THE ADVANTAGES :

1. Our milk is clean because it is clarified by centrifugal force, which long experience has proved to be the best method.
2. Our milk is safer to use than even the best raw milk, because all germs of TUBERCULOSIS, SCARLET FEVER, DIPHTHERIA, and TYPHOID FEVER are destroyed.
3. Our milk is convenient, because customers have only to take it in once a week, and they have a constant supply of sweet wholesome milk always in the house.
4. No chemical or preservative used.
5. No colouring matter used.
6. It is more easily digested than ordinary raw milk.
