

RECORDS OF PROCEEDINGS¹

Session 1927-28

4th November, 1927.

- | | | |
|--|-----------|--------------------------|
| 1. Note on Numerical Integration | - - - - - | C. E. WOLFF. |
| 2. A Critical Study of Generalised Derivatives and Integrals | - - - - - | W. L. FERRAR. |
| 3. Some Properties of a Family of Curves on a Surface | - - - - - | Prof. C. E. WEATHERBURN. |
| 4. On the Zeros of the Confluent Hypergeometric Function | - - - - - | S. C. MITRA. |
| 5. On Hardy's Theory of <i>M</i> -Functions | - - - - - | E. T. COPSON. |

2nd December, 1927.

- | | | |
|------------------------------------|-----------|---------------------|
| 1. Three Mathematical Notes | - - - - - | Dr G. D. C. STOKES. |
| 2. Cardinal Function Interpolation | - - - - - | J. M. WHITTAKER. |
| 3. Three Mathematical Notes | - - - - - | Dr JOHN DOUGALL. |

13th January, 1928.

- | | | |
|------------------------------|-----------|-------------------|
| Lecture on Division Algebras | | Dr J. WILLIAMSON. |
|------------------------------|-----------|-------------------|

3rd February, 1928.

- | | | |
|---|-----------|-----------------------|
| 1. On Matrix Differentiation | - - - - - | Prof. H. W. TURNBULL. |
| 2. On the Invariant Algebra Associated with Lines | - - - - - | W. SADDLER. |
| 3. On a Generalisation of Circulants | - - - - - | Prof. E. T. BELL. |

2nd March, 1928.

- | | | |
|---|-----------|--------------------|
| 1. On Whitehead's Theory of Relativity | - - - - - | J. M. WHITTAKER. |
| 2. On Maxima and Minima | - - - - - | Dr R. F. MUIRHEAD. |
| 3. Newton's Law of Gravitation and Relativity | - - - - - | Dr JOHN DOUGALL. |

4th May, 1928.

- | | | |
|----------------------------|-----------|-----------------------|
| Lecture on Great Geometers | | Prof. H. W. TURNBULL. |
|----------------------------|-----------|-----------------------|

¹ Records for previous sessions appear in the *Proceedings of the Edinburgh Mathematical Society*.

2nd June, 1928.

- | | | |
|--|-----------|--------------------------|
| 1. Note on Numerical Integration | - - - - - | Dr A. C. AITKEN. |
| 2. On the Factorization of $2^{32} + 1$ | - - - - - | Prof. J. E. A. STEGGALL. |
| 3. The Complete System of the Quadratic Complex | - - - - - | Dr J. WILLIAMSON. |
| 4. On Matrix Equations | - - - - - | Prof. H. W. TURNBULL. |
| 5. A Theorem on Bordering Symmetrical Determinants | - - - - - | Dr J. J. NASSAU. |

Session 1928-29

2nd November, 1928.

- | | | |
|--|-----------|------------------------|
| 1. Recurrence Formulae in the Theory of the Equations
of Mathematical Physics | - - - - - | Prof. E. T. WHITTAKER. |
| 2. The Numerical Solution of Algebraic Equations | - - - - - | Dr A. C. AITKEN. |

7th December, 1928.

- | | | |
|---|---|-------------|
| Lecture on the Mathematics of Business Statistics | - | R. A. ROBB. |
|---|---|-------------|

11th January, 1929.

- | | | |
|--|-----------|-----------------------|
| 1. Matrices whose elements are matrices | - - - - - | Prof. H. W. TURNBULL. |
| 2. The reduction of a matrix to its normal form | - - - - - | Dr A. C. AITKEN. |
| 3. A linear combination prime to a given integer | - - - - - | A. A. K. AYYANGAR. |

1st February, 1929.

- | | | |
|---|-----------|------------------|
| 1. On some algebraical points connected with the four-nodal cubic surface | - - - - - | Dr W. SADDLER. |
| 2. On the Stieltjes Integral | - - - - - | J. M. WHITTAKER. |

1st March, 1929.

- | | | |
|---------------------------------------|-----------|------------------------|
| 1. Note on an Integral of Ramanujan's | - - - - - | Prof. T. M. MACROBERT. |
| 2. On the Hellinger Integral | - - - - - | Dr J. HYSLOP. |
| 3. Note on Double Limits | - - - - - | C. E. WALSH. |
| 4. An Application of Abel's Lemma | - - - - - | C. E. WALSH. |

3rd May, 1929.

- | | | |
|---|-----------|------------------|
| 1. On a general interpolation formula | - - - - - | Dr A. C. AITKEN. |
| 2. On Rotations in n -dimensional space | - - - - - | R. N. SEN. |
| 2. Notes on the Tensor Calculus | - - - - - | H. S. RUSE. |
| 4. Note on the Remainder Theorem | - - - - - | Dr J. HYSLOP. |

8th June, 1929.

1. Systems of linear complexes associated with a quadric surface - - - Prof. P. N. DAS GUPTA.
2. On Young's Condition for the Stieltjes Integral - - - Dr J. HYSLOP.
3. The invariant theory of bilinear forms and a problem of enumeration arising therefrom - - - Prof. H. W. TURNBULL.
4. On the Poisson sum of a Fourier Series - - - J. M. WHITTAKER.
