

RÉPERTOIRE INTERNATIONAL DE LITTÉRATURE MUSICALE

Cumulative Index 4

RILM announces its **Fourth Cumulative Five-Year Index**.

This single volume indexes the 35,000-plus bibliographic entries of RILM volumes 16 through 20 (1982-86). The *RILM Cumulative Index* saves research time and makes your *RILM Abstracts* annual volumes more useful by giving complete access to five years of references through one volume.

Besides indexing the *RILM Abstracts* annual volumes, the *Cumulative* provides a quick overview of a wide range of subjects--from Aboriginal music, bluegrass, set theory, and semiotics to Weber, Webern, and wedding music--as well as providing a five-year guide to the work of each scholar.

Also available: The new *RILM Thesaurus*--A standard vocabulary for music research and bibliography. The *Thesaurus* enables researchers to use the indexes more thoroughly and efficiently--it is indispensable to scholars and students who use RILM on DIALOG or on the CD-ROM version, MUSE.

Order directly, or through your agency.

The **British Journal of Music Education** is now established in the field as a key publication, nationally and internationally. The aims of the **BJME** are to provide clear, stimulating and readable accounts of curriculum development and research in music education. Editorial policy is to encourage careful reflection on teaching in schools, colleges and studios.

Articles are invited from those in any way concerned with music education, and, where appropriate, can be of substantial length, though shorter contributions are also acceptable. Potential authors are referred to the notes for contributors (see inside back cover).

Usually once a year a cassette of music examples accompanies the Journal and contributors may wish to take advantage of this. Photographs and other illustrations are welcomed.
