# KENNY'S Outlines of Criminal Law

NEW EDITION BY  
J. W. C. TURNER

Kenny's *Outlines* first appeared in 1902. Since that date it has run to fifteen editions and has been reprinted twenty times. New developments and new problems in criminal law since the author's death have now made necessary a thorough revision of the whole work, which has been carried out by Mr J. W. C. Turner, Barrister-at-Law and Fellow of Trinity Hall, Cambridge. This sixteenth edition, entirely redesigned and reset, runs to 576 pages. 42s. net

# The English Legal System

By A. K. R. KIRALFY

This book is especially designed for students of the English Legal System in the course for the Intermediate LL.B. of the University of London. This one book covers all the topics of the syllabus. It is written without assuming any prior knowledge of the subject, and technical terms are explained or illustrated as they occur.

Dr. Kiralfy's book ranges over a wide field. The treatment is purposely simple, but footnotes encourage the student to consult other authorities.

# A Textbook of the Law of Tort

*Sixth Edition.* By T. ELLIS LEWIS

'Professor Winfield's textbook is a classic in the high tradition of Cambridge Scholarship, and it has already enjoyed the honour of citation in numerous judgments. # Harris' Criminal Law

**Including Summary Jurisdiction**

By H. A. and HENRY PALMER

By **L. C. B. GOWER, LL.M.**  
*Solicitor of the Supreme Court*

‘Here at last is a book on Company Law which combines an academic erudition with a firm grasp of practical implications. The result is a lively, critical survey of the subject in which anomalies are relentlessly exposed and the weaknesses of the Companies Act detected and attacked.

‘The author avoids slavish adherence to the text of the Act and adopts a more logical grouping of subject-matter which cuts across conventional pattern.

‘A style that is lucid and at times graphic makes the book eminently readable and we have no hesitation in recommending it not only to students but also to practitioners.’—*Law Notes*

The series will be of particular interest to the student of constitutional and comparative law and the practitioner will find many judicial decisions of valuable persuasive authority.'
