IN THEATRICAL LIGHTING,
the originator has always been the leader.
That's because continuous evolution in the
development of original Kliegl equipment
is based upon an enormous—and constantly
expanding—foundation of experience
earned in the design of systems to varied
and exacting individual requirements.

Current selection of Kliegl quality components
make the custom design of versatile and
dependable systems an easily attainable
standard. And, as always, Kliegl engineering
experience is available to make the most
sophisticated refinements wholly practical.

Although published plays are not included at the present time, typescripts of plays, promptbooks, and shooting scripts of motion pictures make up an important segment of the Collection's holdings.

This dictionary catalog represents over 23,500 volumes and includes index citations for selected articles in various periodicals.

121,000 cards reproduced in 9 volumes **Price: \$480.00**

WORLD THEATRE

By **Bamber Gascoigne**. This handsome, luxuriously illustrated volume brings vividly to life theatrical performances of different eras. From pre-historic cave paintings and Japanese woodcuts to Daumier prints and sketches of a London theatre yet to be built, *World Theatre* covers an enormous range of theatre history told from the unique vantage point of actual theatre art. Through 290 monochromes and 32 color plates the reader views a graphic account of changing theatre techniques and experimentation, illuminated by Mr. Gascoigne's authoritative and witty text. Distinguished critic, playwright and scholar, Mr. Gascoigne has produced an essential reference and superb gift book for theatregoers, teachers, students of the drama, and working professionals alike. \$15.00

O'NEILL

Son and Playwright

By **Louis Sheaffer**. This is the book that theatre scholars and historians will henceforth refer to as the most complete biography yet written. Covering the first half of his life, it is the result of exhaustive research, much newly discovered information, and arresting insights into heretofore neglected areas of O'Neill's history: the influence of his nurse, his seafaring days, his interest in farm life, and his preoccupation with insanity. Mr. Sheaffer has explored every available detail of O'Neill's life, brilliantly relating events and motivations to the playwright's dramatic writing. A second volume, covering the years from 1920 to his death, will be published in 1971.

**Caius Marius,
A Tragedy**
by **Richard Penn Smith**

*Edited and with
an Introduction by
Neda M. Westlake*

For those concerned with the history of the American theatre, the recovery of this play, first produced by Edwin Forrest in Philadelphia in 1831, will be a welcome event.

Written in competent blank verse, the play relies on Plutarch's *Lives* for details of the life of Marius, a Roman tyrant prior to the Empire. Edited from manuscript and with an introduction tracing the source materials, the book also includes an introduction to the contemporary situation of the Philadelphia theatre, the production and reception of the play, and a description of its subsequent history.

The Madman and the Nun and Other Plays

Stanisław Ignacy Witkiewicz; translated and edited by Daniel C. Gerould and C. S. Durer; Foreword by Jan Kott. Poland's major experimental dramatist, creator of a totally unique theater of the absurd twenty years before Beckett and Ionesco, makes an explosive entrance into the English-language scene with these brilliant first translations. Here are six Witkiewicz masterpieces: *The Water Hen*, *The Crazy Locomotive*, *The Mother*, *They*, *The Shoemakers*, and the title play—intensely pictorial “comedies with corpses” which blend psychedelic fantasy and theater of cruelty with the breakneck verve of the Keystone Cops. Tragedy and Melodrama: Versions of Experience
