Prior selfing and the selfing syndrome in animals: an experimental approach in the freshwater snail *Biomphalaria pfeifferi* – ERRATUM

TIAN-BI, Y.N., N'GORAN, E.K., N'GUETTA, S.-P., MATTHYS, B., SANGARE, A.
AND JARNE, P.

doi:10.1017/S0016672307008919, Published by Cambridge University Press 20 February 2008

The published version of this paper omitted the URL to the supplementary material mentioned in the text. This supplementary material refers to Web Table 1, Web Table 2 and Web Table 3 and the material is available from <http://journals.cambridge.org/grh> and is described below.

Supplementary Web Table 1. Phenotypic correlations (Spearman's rank-order correlation coefficient) between pairs of life-history traits of T_1 individuals and of T_2 individuals in the two populations studied of *Biomphalaria pfeifferi*.

Supplementary Web Table 2. Phenotypic correlations (Spearman's rank-order correlation coefficient) between pairs of copulation parameters for T_2 individuals in the two populations studied of *Biomphalaria pfeifferi*.

Supplementary Web Table 3. Phenotypic correlations (Spearman's rank-order correlation coefficient) between some copulation parameters on one side and some life-history traits on the other of T_2 individuals in the two populations of *Biomphalaria pfeifferi*.
