## CHLORODYNE.

**D**R. J. COLLIS BROWNE'S CHLORODYNE is a certain Cure in Cholera, Dysentery, Diarrhoea, Colics, &c.

DR. J. COLLIS BROWNE'S CHLORODYNE.—Extract from the General Board of Health, London, as to its efficacy in Cholera: "So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases." From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other remedies had failed."

DR. J. COLLIS BROWNE'S CHLORODYNE.—Vice-Chancellor Sir W. Page Wood stated publicly in Court that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne; that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to.—See *The Times*, July 13, 1864.

DR. J. COLLIS BROWNE'S CHLORODYNE.—The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See *Lancet*, Dec. 31, 1864.

DR. J. COLLIS BROWNE'S CHLORODYNE is the best and most certain remedy in Coughs, Colds, Asthma, Consumption, Neuralgia, Rheumatism, &c.

DR. J. COLLIS BROWNE'S CHLORODYNE.—CAUTION.—None genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. Overwhelming medical testimony accompanies each bottle. ## PYRETIC SALINE.

Important to all, more especially those who have charge of others; to Travellers, English Ministers, British Consuls, and Europeans seeking to reside in safety in Tropical and Foreign Climates.

Her Majesty's Representative, the Governor of Sierra Leone, in a letter of request for an additional supply of the PYRETIC SALINE, states—"It is of GREAT VALUE, and I shall rejoice to hear it is in the hands of all Europeans visiting the Tropics."

The Public, and Invalids especially, are informed that the late distinguished and learned Dr. Prout characterised its discovery as unfolding germs of immense benefit to mankind. Thirty years experience confirms his opinion. Numbers who have previously suffered from Climates unsuited to the Constitution, or the injurious use of Mercury, inducing disease in its Protean form, who have visited our native Bethesda waters and ponds in vain, have by daily taking the PYRETIC SALINE, recovered their wonted health and vigour.

INVIGORATING and vitalising the blood, it alleviates thirst in a most agreeable manner, and furnishes the system with those saline principles that are essential to health.

SICKNESS, HEADACHE, and NAUSEA, are in most cases immediately relieved by taking a tea-spoonful in a tumbler of cold water. This can be repeated once or twice in two hours, if needful.

SEA VOYAGES.—It is a very valuable accompaniment, and should on no account be omitted. It instantly allays the sickness.

FOR BILIOUS CONSTITUTIONS, giving rise to vitiated Secretion, Indigestion, and Eruptions of the Skin, a tea-spoonful should be taken daily with the dinner in a tumbler of water, and the same quantity on going to bed.

In cases of DIARRHŒA, put as much Magnesia as will lie on a shilling into half a tumbler of water; let this fall to the bottom of the glass, and then stir into it a tea-spoonful of the Saline, and drink during effervescing.

WILLIAM STEVENS, Esq., M.D., D.C.L., states in his work on Fevers, that wherever the Saline treatment is adopted, these otherwise fatal maladies are deprived of their terrors. Out of 1,000 cases only 11 died, whilst fully one-half perished with any other mode of treatment.

N.B.—A SPURIOUS IMITATION having appeared, it is needful to observe that the PYRETIC SALINE HAS THE TRADE MARK ON THE TOP RIGHT AND LEFT CORNERS OF THE BUFF WRAPPER. Vice-Chancellor, Sir W. P. WOOD, states in his verdict THAT THE OTHER IS A MERE SUBTERFUGE, AND THAT HE WAS STRUCK WITH THE DEFENDANT'S DEMERITS.

May be obtained of the Proprietor, H. LAMPLOUGH, Consulting Chemist, 113, HOLBORN, E.C., Second Door from Hatton Garden, London,
