Bentham on Liberty

**Jeremy Bentham's idea of liberty
in relation to his utilitarianism**

Douglas G. Long

Focusing on the philosopher's early work, this book draws on unpublished manuscripts, as well as his private correspondence and published works, to demonstrate the broadening of Bentham's horizon from criminal law to social theory, encompassing aspects of what are now called psychology, sociology, political science, moral philosophy, and jurisprudence. \$25.00

Leibniz: Perception, Apperception, and Thought

Robert McRae

Although Leibniz did not formulate a systematic theory of knowledge, the elements of his epistemology appear scattered through his writings. This book attempts to give coherence to these elements by examining and evaluating Leibniz's statements on perception, apperception, and thought. \$15.00

Essays on Politics and Society

John Stuart Mill

Edited by J. M. Robson

Introduction by Alexander Brady

This collection of Mill's writings brings together for the first time in a textually reliable and thoroughly annotated form his major writings in political philosophy. It will be of special value to political philosophers and social philosophers, but it will interest all those concerned about democratic theory and practice, for Mill touches on most of the issues of contemporary debate and inquiry. \$60.00

Philosophical Studies

An International Journal for Philosophy in the Analytic Tradition

Editor: Keith Lehrer, University of Arizona, U.S.A.

Editorial Assistant: Vincent Lazara, University of Arizona, U.S.A.

Board of Consulting Editors: David Braybrooke, Joseph L. Camp, Jr., L. J. Cohen, James Cornman, Alan Donagan, Keith Donnellan, Mary Hesse, Risto Hilpinen, R. M. Martin, Terence Parsons, Gunther Patzig, A. M. Quinton, Jerome Schneewind, Robert Sleigh, Jr., Judith Thomson.

Philosophical Studies fills the urgent and growing need for space devoted to quick publication of timely contributions to analytic philosophy. It emphasizes the rapid exchange of notes and criticism. To provide balance and scope the editors will, on occasion, solicit contributions, comments and elucidations from philosophers whose voices might not otherwise be heard when the spotlight of discussion points in their direction.

Philosophical Studies welcomes papers in all areas of analytic philosophy. It recognizes that there are divergent 'tendencies' within the analytic movement, and requires only that contributions represent an application of methods of analysis and clarification of meaning. Papers the content of which falls primarily within the scope of the natural, social or psychological disciplines will be considered only if this content is subordinated to the purposes of philosophical analysis.

Subscription price per volume of six issues Dfl. 95,- / US \$38.00, plus Dfl. 20,- / US \$8.00 for postage and handling. Two volumes will be published yearly. Personal subscription price on request.
