Editorial

All change...transcanal endoscopic ear surgery and house dust mite immunotherapy for allergic rhinitis:
J Fishman, R Youngs, E Fisher, M Hussain 939

Review Articles

Atlanto-axial rotatory fixation: a serious potential complication of paediatric ENT surgery that requires prompt diagnosis and treatment: *G James, DNP Thompson* 940

Laryngomalacia: is there an evidence base for management?: *C McCaffer, K Blackmore, LM Flood* 946

Main Articles

MicroRNA let-7a up-regulates OPN expression in a mouse model of allergic rhinitis: *H Yu, H Sun, Z Wang, Y Liu* 955

Audiological outcome of stapes surgery for far advanced cochlear otosclerosis: *C Heining, R Banga, R Irving, C Coulson, P Monksfield* 961

Are questionnaires reliable in diagnosing sleep-disordered breathing in university students?: *E Migacz, A Wichniak, W Kukwa* 965

Impact of pre-operative body mass index in head and neck cancer patients undergoing microvascular reconstruction: *D-J Hyun, Y-H Joo, M-S Kim* 972

Throat swabs have no influence on the management of patients with sore throats: *L Cheung, V Pattni, P Peacock, S Sood, D Gupta* 977

Multi-level obstruction in obstructive sleep apnoea: prevalence, severity and predictive factors: *CQ Phua, WX Yeo, C Su, PKH Mok* 982

Ultrasonic bone aspirator use in endoscopic ear surgery: feasibility and safety assessed using cadaveric temporal bones: *EG Gardner, J Sappington, MA Arriaga, SP Kanotra* 987

Does intranasal steroid spray technique affect side effects and compliance? Results of a patient survey: *V Ganesh, A Banigo, AEL McMurrin, M Shakeel, B Ram* 991

Long-term effects of allergen-specific subcutaneous immunotherapy for house dust mite induced allergic rhinitis: *E Sahin, D Dizdar, ME Dinc, AA Cirik* 997

Survey of otolaryngology services in Ukraine and neighbouring Central and Eastern European countries: *MM Verkerk, R Wagner, R Fishchuk, JJ Fagan* 1002

Evaluation of a low-fidelity ear surgery simulator in a low-resource setting: *K Luu, L Straatman, D Nakku, B Westerberg, N Carter, M Clark* 1010

The relationship between tinnitus pitch and parameters of audiometry and distortion product otoacoustic emissions: *H Keppler, S Degeest, I Dhooge* 1017

Clinical Record

Clavicle fracture with osteomyelitis after neck dissection and post-operative radiotherapy: case report: *R Shodo, Y Sato, H Ota, A Hori* 1026
