EDITORS

R. S. PHILLIPS, R. B. GASSER and L. H. CHAPPELL

ASSISTANT EDITOR

M. ELISABETH PAINTER Ph.D.

EDITORIAL POLICY

Parasitology publishes definitive papers on all aspects of pure and applied parasitology including biochemistry, molecular biology, immunology, genetics, ecology and physiology and also the application of new techniques, long-term epidemiology studies, advances in the understanding of life-cycles, chemotherapy and major systematic revisions. Papers should normally be full length with an explanatory introduction and detailed discussion of the findings reported. Shorter reports of particularly important findings will also be considered.
