General Notes

The International Committee for the International Congress for Oto-Rhino-Laryngology has invited the Dutch Oto-Rhino-Laryngological Society to organize the Fifth International Congress in the Netherlands.

This Congress will take place on June 8th-15th, 1953, in Amsterdam.

Apart from the combined sessions (selected subjects) the Congress Members will be invited to smaller sessions.

The selected subjects will be :

TUMOURS OF THE BRONCHUS

A. Soulas et P. Mounier-Kuhn. "Tumeurs bénignes des bronches."

L. Pietrantonì. "La clinique et l'endoscopie des cancers des bronches."

Louis H. Clerf. "Cytology of Tumours of the Bronchus."

AUDIOLOGY

C. S. Hallpike. "Physiological Problems of Audiology."

George E. Shambaugh. "Clinics of Audiology."

French H. Hansel. "Methods of Allergic Examination."

R. Melchior. "L'hypersensibilité d'origine non-allergique."

LADIES' PROGRAMME

A Ladies' Committee will take care of the Associate Members during their stay in Amsterdam. A special programme will be arranged for visiting different points of interest.

COMMUNICATIONS

Communications of two sorts are invited, and these should be in one of the official languages: English, French or German.

(a) *Original Papers*

Speakers are limited to 15 minutes. The number of original papers is limited and the Secretary will inform Members before February 1st, 1953, whether time in the programme has been allotted to them. Members presenting papers are requested to give the Secretary a full typescript copy (4 pages of 500 words each, figures included) immediately after they have been read. If this is not done, it will not be possible to print the paper in the Proceedings. Discussion of the original papers will be limited to a total of a quarter to half an hour.

(b) *Contributions to the Discussions of the Selected Subjects*

These speakers will be limited to five minutes. About one hour will be devoted to the discussion of each selected subject.

All Members taking part in discussions are asked to give a written résumé of their contribution (10 lines) to the Secretary at each meeting.

FILMS

Scientific films will be shown at intervals throughout the Congress.

General Notes

SUBSCRIPTIONS

The Subscription for Members has been fixed at 100 Dutch guilders (or the equivalent in other currency).

The subscription will include the cost of the Proceedings of the Congress when published. Ladies and other relatives accompanying Members may be registered as Associates at a fee of 25 Dutch guilders.

The registration fee may be transferred beforehand by the Intermediary of your Bankers to the Twentsche Bank, Amsterdam, in favour of the account of the International Congress of O.R.L.B.E., 1953.

GENERAL INFORMATION

Accommodation in or around Amsterdam: In the next notice you will find a form for hotel accommodation which will be provided for by the Organizing Committee. This first notice is sent to all those who may possibly want to attend this Congress. Those interested may receive further circulars concerning details on registration, payments, accommodation, entertainments and receptions, excursions, programme, etc., from the Secretary.

It will greatly facilitate the clerical work and tend to avoid mistakes if all names and addresses are either typewritten or written clearly in block capital letters.

Letters of registration, enquiries and suggestions should be addressed to the Secretary of the Congress: W. H. STRUBEN, J. J. Viottastraat 1, Amsterdam-Z.

BRONCHO-OESOPHAGOLOGIE

UN Cours de Bronchologie-Oesophagologie sous le Patronage du Pr. CHEVALIER L. JACKSON et dirigé par M.M. A. Soulas, J. M. Lemoine et P. Mounier Kuhn, aura lieu à Paris du 16 au 27 Juin 1952.

Ce Cours comprendra une partie théorique avec 44 leçons et une partie de pratique clinique endoscopique ainsi que des travaux pratiques sur le cadavre et sur le chien.

Les droits d'inscription seront de 15,000 francs.

S'inscrire au Secrétariat du Cours: 184 Avenue Victor Hugo, Paris, 16°.

POST-TONSILLECTOMY COMFORT

Immediate pain relief—Speedier Convalescence

The pain of traumatized tissues following tonsillectomy, demands its own relief—and points the need for analgesia that quickly reaches the irritated area.

ASPERGUM provides 'salivary analgesia' through the simple act of chewing—it brings pain-relieving acetylsalicylic acid into intimate and prolonged contact with the tonsillar

region, seldom reached even intermittently by gargling. The rhythmic stimulation of muscular action also aids in relieving local spasticity & stiffness; more rapid tissue repair is promoted. Each pleasantly flavoured chewing gum tablet provides $3\frac{1}{2}$ grains acetylsalicylic acid, permitting frequent use. Particularly suitable for children.

Aspergum

for more than two decades a dependable
and welcome aid to patient-comfort

Ethically promoted in packages of 16 tablets and moisture proof bottles of 36 and 250
