China's Environmental Health Crisis and  
its Challenge to the Chinese State

YANZHONG HUANG

“In this astonishingly prescient analysis, Yanzhong Huang zeroes in on the vital link between China’s political health and its physical health. His tough, fair-minded, deeply knowledgeable book not only diagnoses grave problems lurking behind China’s environmental progress but also provides a cautionary note about China’s bid for global leadership. Anyone who wants to predict China’s growth prospects needs to read this.”

Evan Osnos, author of *Age of Ambition*
