Columbia Slavic Studies

Anthology of Old Russian Literature

AD. STENDER-PETERSEN with *Stefan Congrat-Butlar*. "A reliable and valuable source for studies in Old Russian literature. . . . The anthology . . . differs from all its predecessors in its range, in the number of texts included, in the reliability of the texts given, in the lucky choice of texts where long years of experience of a distinguished scholar result in those personal touches which do not make the texts or the comments subjective, but enable one to understand and feel not only ancient texts themselves but also the intelligent and methodical approach of a contemporary."—*American Slavic and East European Review*."
